
Do you believe in the constitution? In the Bible? Ted Cruz is not a constitutionalist, and therefore cannot be a constitutional conservative. He is an establishment conservative. Neither he nor Rubio are qualified candidates. But the birther question is only the tip of the iceberg:

The most common tenets to support Ted Cruz deal with the following questions: Is Ted Cruz Constitutionally able to hold the Office of the United States Presidency? Is Ted Cruz a 'True Conservative'? Is Ted Cruz devoted to the 'Word of God'? I will try to answer these questions as shortly as possible, but truth be told, I could do a long dissertation on the matter. The answers to all of those Questions are No, No, and No. I've almost completed the first question, but it's enough to share now.

In #TedCruz own words!!

Ted Cruz Said, Obama Not Eligible To Be President; Citizen Parents? “ I am honored that so many Americans want me to run for the office of President. However, my moral convictions require that I state clearly for the record that I am not eligible for the office of president or vice president according to Article II – Section I – Clause V of the U.S. Constitution, which requires that only a Natural Born Citizen of the United States, born of an American Citizen Father, seek or hold these offices. As I was born the son of a Cuban Citizen living in Canada at the time, I am not a Natural Born Citizen of the United States. On this Constitutional ground, I hereby state that Barack Hussein Obama, the son of a Kenyan Citizen Father, is also not a Natural Born Citizen of the United States...I hereby call for the immediate investigation and resignation of Barack Hussein Obama and all who were involved in the greatest fraud ever perpetrated on the world, as well as all who have engaged in the greatest political cover-up in the history of politics.” In that conversation, he asked Ted – “what is your understanding of the term Natural Born Citizen?” – to which Ted answered, “someone born on soil to Citizen parents...” “Is Barack Obama a Natural Born Citizen of the United States? – to which Ted correctly answered, “NO!” Then the most important question was asked... “If we get you elected to the Senate, will you do something about our illegal occupant of the White House?” – to which Ted answered.... “I think repealing ObamaCare is more important...” The witness is willing to go on record if need be. Riza A. Barnachea Alann Huh??. Did you even read the post! Please don't use the Naturalization Act 1790 to refute Cruz ineligibility, coauthored by two liberal Harvard hacks straight from Obama play book! No longer operative! Epic fail! In case you Cruzers didn't know. Cruz is facing court in 6 States for eligibility... By then, he'll be out of the race!.... BTW, please study the U S. Constitution! I'm a student of the Constitution and it's critical to study and understand so we don't put another ineligible president at the WH! Respect the framers of the Constitution! That's what Conservative Christian stands for among other principles!!

Wow! I would like to add this:

I happened to find this yesterday while looking for another reference. I am not so sure Cruz is even a US citizen let alone a natural born citizen, which would mean he is illegally a Senator. If I can dig this up, Hillary's team will have a field day. Cruz MUST release his Consular documents for immediate inspection by the FEC!!!

Foreign born Children born to one US citizen parent:

For persons born between December 24, 1952 and November 14, 1986, A PERSON IS A US CITIZEN IF ALL OF THE FOLLOWING ARE TRUE:

*The person's parents were married at the time of birth.

*One of the person's parents was a U.S. citizen when the person was born.

*The citizen parent lived at least ten years in the United States before the child's birth.

*A minimum of 5 of these 10 years in the United States were after the citizen parent's 14th birthday.

To all the Ted-Bots (and the progressives who pretend to be something else):

To set the record straight, I'm not saying that I wouldn't vote for Ted should he be elected, but as any evaluator of a topic, we need to look at the hardcore facts. Only recently have I started to collect more data on the Ted-bot syndrome. Facts and silly Obama-Love-Saint like comments for Cruz. Some of you got tingles where tingles aren't warranted. WAKE UP, man!

Doesn't seem like many RS viewers are much interested in Debate. These are my comments concerning what I've already stated – there's more about Ted you should know, but you'll have to do that research yourself, if some of it magically pops up again, I'll post it. I've also posted some of the silly love festivities – the tingle-up-your-leg comments below. Sorry for redundancy, but I'm trying to move on to more important things.

<http://therightscoop.com/ted-cruz-explains-why-he-supported-fast-track-trade-bill-tpa/>

Just a quick summary. Sorry guys, I don't have time to

go digging for all of Ted's blunders, but there are more. I try to put many things on my website, but none of my readers (students of English as a second language) would be able to follow any of it or be interested in it.

<http://edition.cnn.com/2013/09/25/politics/shutdown-showdown/>

(Video) Ted Cruz explains why he supported FAST TRACK trade bill (TPA): 'We don't know what's in it'. The name is FAST TRACK! Yea, without this we can't negotiate an agreement? I don't trust Obama at all – If we want the next president to have Fast Track authority – sounds like he's

wearing Obama's dress and Pelosi's earrings. ..TPA is 6 or 700 pages, now I'm not going to represent to you that I've studied every paragraph closely (so if he or his staff or his lawyers won't do it, how is he gonna expect us to??). And on reading it it was a relatively (keywords here – I haven't read it thoroughly, and 'relatively'. I did not have weeks to study it (But I still want Fast Track to be Fast Tracked!). Unfortunately, I think the admin to keep the text secret (so what's unusual about that? And people are saying it's an open door to climate change initiatives and more immigration run a muck). Given the abuse of power from this admin only encourages people to say, what horrible

things must be in there if they're hiding the text (Yes, let's hear them. Well, you can hear them from Mark Levin (who I normally support, though his Rand Paul interviews have been pathetic)). Now let me give you two bits of good news, no agreement can be voted on until the text has been public for 60 days (is that Ted in Pelosi's dress and with O's

earrings, or vice versa??). Which means everyone will get the opportunity to read for two months the text of TPP to look at it, if there's some provision buried in paragraph 5032 (paragraph, not page, - my bad - but, sorry Ted in Obama dress, I don't have time for that, but there are experts who I do admire who have read it and who have said that that is a VERY VERY bad idea) - that I missed on a quick read, in 60 days (which experts who I respect, and who know procedure say it will be too late), will have time to study it (like ObamaCare, and on and on.. and assess is this beneficial or not (For you Reaganites, wasn't Reagan the one who coined the phrase "Just say NO"?? Ok, I've made an assessment (based on there is not one iota of a thing

that Obama has done that has been in the USA's best interest, so why start now?? By the way, how do these massive bills (=regulations get printed out so quickly - bet if you all studied Soros and the like, we could find more answers to those questions), others have to, and we say NO, and .. I think Mr. o should make it public right now. Cool, and a big applause for the Ted-droids.

Okay, I have to say this, and don't everybody come after me with pitchforks. Cruz voted in favor of the Corker Bill which basically took away the ability of Congress to overturn this disaster. It's a bill that ensured, from the moment it was signed, that no matter how bad this Iran deal was, the Congress essentially cut off its own legs to defeat it. Am I to believe, as smart and knowledgeable of the Constitution that Cruz is, that he didn't realize HONESTLY what he was signing on to? Folks, I don't believe that. I also don't believe that he was unaware that giving Obama Fast-Track authority was the dumbest thing anybody in Congress could ever do, and yet, he spent months pushing for it and supporting it. Sure, he backed out... at the very last minute. The damage had been done by then. I hate feeling this way, but none of this sits well with me. None of it. I know all about the excuses and reasons Cruz has given for the Fast-Track and the Corker legislation. It just doesn't sit well with me. Sorry guys. Yes, I still like Cruz, I'm just not as solid about him as I was at first. TRUTH BE TOLD!

There you have it. Now you know why they want to get rid of Trump.

The House voted on Trade Promotion Authority (TPA), the controversial bill that gives power to the executive branch to negotiate treaties. TPA limits Congress' ability to better a trade deal by subjecting members of Congress to 90 days of reviewing the trade agreement, prohibiting any amendments on the implementing legislation, and giving them an up or down vote.

TPA passed with a mere 219-211 vote with only 218 needed to pass. The real shocker comes from the amount of money each Representative received for a yes vote. In total, \$197,869,145 was given to Representatives for a yes vote where as \$23,065,231 was given in opposition.

John Boehner (R-OH) received \$5.3 million for a "yea" vote and was the highest paid legislator.

Kevin McCarthy (R-CA) received \$2.4 million for his "yea" vote.

.....

Paul Ryan (R-WI) received \$2.4 million for a "yea" vote and came in at the third highest paid legislator.

Pat Tiberi (R-OH) follows Paul Ryan, coming in the fourth spot having received \$1.6 million for his "yea" vote.

SICKENING!!!

Shame on them

REPUBLICAN ESTABLISHMENT JIHADIS CLOCK IN TO DESTROY THE PARTY

SUICIDE BOMBERS MARCHING TO DESTROY THE REPUBLICAN PARTY

These Morons and many others will blow up the party and themselves to further their cause.

Go ahead blow yourselves up Morons! (Please share)

MITT ROMNEY AND THE REPUBLICAN JIHADIS WILL DESTROY THE REPUBLICAN PARTY.. BUT THEY WILL RETAIN THEIR BIG LONG RANGE PLAN FOR THE NEW WORLD ORDER!

After the insiders have established the United Socialist States of America (in fact if not in name), the next step is the Great Merger of all nations of the world into a dictatorial

world government. ... The Insiders' code word for the world superstate is "new world order," a phrase often used by Richard Nixon (and Bush Sr.). The Council on Foreign Relations states in its Study No. 7: "The U.S. must strive to: A. BUILD A NEW INTERNATIONAL ORDER." ... A world government has always been the object of the Communists. Gary Allen American journalist 1936-86, (Source, None Dare Call It Conspiracy, p.121)

Just why does the GOP ESTABLISHMENT hate Donald Trump? That's easy to answer, because he's thrown a monkey-wrench into the plans of the New World Order. (To understand the NWO, read Dr. Dennis Cuddy's chronology of same.) Who would have thought that an outsider, like billionaire Donald Trump, would capture the attention of the American people, and at the same time, infuriate the GOP, DNC, and MSM, but mostly his own party! To the GOP, Donald Trump is not only a pariah, but a wild card. Americans who are sick and tired of the same old, same old from the Republican party are thrilled to hear someone speak the same language we speak to each other.

What is it that Trump stands for that makes the GOP so desirous of destroying him? It's the opposite of what the New World Order gang wants! And that gang includes both the left and the right, and has for over 50 years now.

If the Republicans and now the THREE TIME LOSER MITT ROMNEY HAD THE BALLS TO HAVE attacked Hussein Obama and the lefty media with the same gusto as they're going after Donald Trump, the freaking loser Mitt Romney would be running for his second term in the White House.

Yet, if there's one thing the GOP hates worse than Mr. Trump -- it's their base, (that's us, the conservative electorate) and by now, we all know that instead of governing as Republicans, they kowtow to Democrats. Just think back to the 2010 and 2014 elections...as Hillary would say, "What difference did it make?" Absolutely NONE! Every one of those Tea Party people elected were co-opted within six weeks. Check out the many articles on the web by the Republican elite on how to take down Trump.

Club For Growth's War Against Trump

The poll that placed Trump in second place in Iowa was a fake, paid for by the notorious Club For Growth Action (CFG) and differs from the NBC News/WSJ/Marist poll over the weekend that has Trump in first place in Iowa by five points. Then they worked with Marco Rubio and Ted Cruz to defraud the voters in Iowa with fake mailers and other dirty tricks to unseat Donald Trump as the winner.

Remember that CFG asked for a million dollar donation from Trump, and he refused. From that point on, CFG was after Trump. CFG's partners and allies include the Peter G. Peterson Foundation. Peterson is chairman emeritus of the Council on Foreign

Relations and former chairman of the New York Federal Reserve Bank. Another ally is the US Chamber of Commerce, who is so behind the invasion of illegal aliens on our southern borders.

CFG spent a million dollars on anti-Trump ads in Iowa claiming Trump loves eminent domain and takes peoples' property for his own use. The only problem with this is that the Iowa Christians listen to this rubbish and actually believe it. (Believing lies without doing your own research, is precisely why Obama got elected) The real facts are far from what CFG would have us believe. In 1986 Trump helped save Annabel Hill's farm that had been in the family for five generations. "We give a lot of money to foreign countries that don't give a damn about us, but we don't help the American farmers," Trump said.

Guess who CFG is backing for president? You guessed it! Globalist, pro-amnesty, pro-common core, pro-free trade (off shoring more American jobs and American sovereignty), Jeb Bush. Soviet Agent Henry Kissinger is endorsing Bush. Mitt Romney is their second choice. Mitt Romney filed with the FEC to get into the race in January 2016 and named Paul Ryan as his running mate!

Here's part of an article I would urge you to read in its entirety...it's well worth it.

Truth spoken from The Conservative Tree House

Without Trump in the race, the Globalist, Wall Street, Corporate Media and RNC/GOP delivery of Jeb Bush would ultimately be the outcome. All they had/have to do is follow the exact same plan which worked in 2012. The electorate, including us, unknowing of the Potemkin Village landscape (an impressive facade or show designed to hide an undesirable fact or condition), would simply follow along the yellow brick road pre-paved with the intentions of interests unseen. Not a big deal.

We'd have a choice of Jeb Bush or Hillary Clinton....

When we fully understand this reality, we simultaneously also understand why Donald Trump entered the 2016 presidential race. Like us, you, Trump sees the Potemkin construct and said, "Enough," "Someone's got to get in this race to change the outcome."

Step one in Trump's campaign was to tear down the facade of the phony Village in order to awaken a larger understanding of who is actually behind these constructs.

Thus, Trump was immediately effective at exposing the deceivers amid our own ranks. Immediately Donald Trump drew inbound fire from those who hold a vested interest in retention of the ruse and maintenance of the path, and the New World Order progress.

So, Mr. Donald Trump has struck fear in the hearts of the elitist globalists, and Donald is beholden to no one...not one special interest, nope, not one.

Donald Trump's Platform Strikes Fear in New World Order Hearts

Donald Trump says he'll send the Syrian migrants back when he becomes president. Doesn't that sound great to all taxpaying citizens of America who are on the hook for supporting these Islamists we should never have taken into our country? The NWO crowd doesn't like the sound of that at all. Their plan is to make us a 3rd world country.

Trump successfully pressures Ford to move their plant back to America from Mexico, and he did this before he's even president. His constant criticism of Ford outsourcing jobs to Mexico has caused the auto tycoon to change course and bring the \$2,000,000,000 plant back to the United States. We all know the GOP isn't happy about this because they simply love "free trade," which has destroyed millions of American jobs and sent them to foreign countries.

Recently, Breitbart had an article entitled, Trump: Revoke Passports For Those Who Go To Fight For ISIS, Would 'Look At' Closing Certain Mosques'. If that doesn't simply infuriate every Islam promoting Republican, I don't know what does. The NWO plan is to destroy the white Europeans who migrated to America, and to make us a third world country with a majority population of Islamic immigrants.

Second Amendment - Obama and many republicans demand more useless gun control measures and spout that anyone not agreeing with him are reprobates. Trump has a plan calling for Nationwide Concealed Carry and an End To Gun Bans.

"Law-abiding people should be allowed to own the firearm of their choice. The government has no business dictating what types of firearms good, honest people are allowed to own..." -Donald Trump

This certainly does not fit with the NWO plan of disarming all American citizens. Personally, I don't believe we even need a carry permit according to the Constitution.

Saving Persecuted Christians - Donald Trump Declares: "The Bigger Issue Is That Obama Is Waging A War Against Christians In This Country. Their Religious Liberty Is At Stake." I have yet to see any Republican in Congress stand up and demand that we save the persecuted Christians rather than these young Islamic men who claim they're refugees. Not a one. Trump is right, the destruction of our Judeo-Christian society and culture is happening before our eyes and our NWO loving Republican controlled Congress says nothing.

Pro-Life - Trump stands firm on pro-life, He states, "I have evolved on the abortion issue, we should ban all late term abortions. The only exceptions on abortion are for

rape, incest or health." (Jun 2015) In Feb. of 2011, Trump stated, "I am pro-life, we need to fight Obamacare abortion funding."

The NWO gang is fully in the bag for United Nations Agenda 21, which calls for the elimination of 85% of the world's population. Pro-life certainly does not fit with the NWO plans of the GOP or DNC.

Education - Trump says Common Core is a disaster. He wants to cut the Department of Education way, way down, eliminating it would be even better. Our schools should be teaching American roots, and we should study our ancestry. Trump wants comprehensive education instead of limited subjects, as well as teaching citizenship, the Constitution, and American history. He wants an end to creative spelling.

The Republicans like Jeb Bush and Mitt Romney have been in the tank for Common core, and the total and thorough destruction of our once academic teaching. Remember it was Republican Reagan who signed two US/Soviet education agreements which changed our academic teaching into Pavlovian/Skinnerian behavioral dog training. Teaching to the test is the standard today. Republican Senator Lamar Alexander and his Republican cohorts want to control the children from infancy, all for the NWO global workforce.

Obamacare - Trump has stated that "Obamacare can't be reformed, salvaged, or fixed. It's that bad. Obamacare has to be killed now before it grows into an even bigger mess, as it inevitably will. If it's not repealed, it will be more than just another failed government entitlement program--it will be the trillion-ton weight that finally takes down our economy forever."

Obamacare is a heat-seeking missile that will destroy jobs & small businesses; it will explode health-care costs; and it will lead to health care that is far less innovative than it is today. Every argument that you'd make against socialism you can make against socialized health care, and any candidate who isn't 100% committed to scrapping Obamacare is not someone America should elect president. Repealing Obamacare may be one of the most important and consequential actions our next president takes.

Remember that every Republican voted against Obamacare, but knew it would pass since they were the minority. They still tout this fact today, but what they don't tell you is that when they had a majority, they failed to defund Obamacare. One of the Marxist tenets is to control health care, and the neo-con Republicans are all for it.

Illegal Immigration - Donald Trump announced his five point plan about illegal immigration. The 5 points are very specific, and would turn the tide against two terms of President Barack Obama's amnesty agenda!

He is focused on the 14th Amendment, which falsely grants citizenship to babies born in America of illegal aliens. He wants to change that, and has 5 ideas on how to secure the border.

1. Build a fence, deploy 25,000 additional border agents, utilize Predator drones.
2. Enforce immigration law.
3. No more cozy detention centers.
4. Oppose "DREAM Act."
5. No future tuition benefits.

None of these points fit with any of the Republican candidates, nor the majority of the Republican congress. The NWO plan of a pathway to citizenship fits right in with not only NAFTA, but the North American Union. The latter was drafted at the Council on Foreign Relations by none other than Ted Cruz's wife, Heidi.

Every issue mentioned by Trump has met with vicious and vitriolic responses from the GOP candidates as well as the entire Republican party. They are the number one attack dog, with the Democrats and MSM close behind. Don't forget about Fox News with the first debate, and the ridiculous questions tossed by Megyn Kelly who is the BIMBO "Hot Legs" Puppet for the establishment. This is a nobody who climbed the talking heads ladder by accepting her role as bimbo pitbull to attack Trump. The same role that they have assigned to Little Man Marco Rubio who has not a chance in hell to win. Marco is barking like a rabid chihuahua and hoping to get some puncture wounds on Donald Trumps heels.

Conclusion

The criticisms of Trump are amazingly missing something. They are lacking in negative stories from those who work for him or have had business dealings with him. After all the employees he's had and all the business deals he's made, there is a massive void of criticism. In fact, long term employees call him a strong and merciful leader and say he is far more righteous and of high integrity than people may think.

Trump is a man unlike the rest of the GOP candidates. He gives to people unconditionally, and he doesn't talk about it, nor does the news media, who should.

Remember the California family with the three year old child, Andrew Ten, who needed to get to a doctor in New York? The regular airlines wouldn't fly the child because he needed oxygen as well as other medical equipment to make the trip. The family called Trump, and the Donald sent his private plane to California for that family and took them to the New York physicians. [Link]

Donald Trump quietly helped out Marine Sgt. Andrew Tahmooressi, who was left to rot in a Mexican prison for 214 days, and who Obama ignored. A source told Top Right News that the “money” Trump sent Tahmoreesi was “very substantial,” and included paying all of the family’s legal bills, financial needs while he was held prisoner for nearly a year, and cash to get him back on his feet.

This next story was verified by Mr. Trump on his show, The Apprentice, when someone asked him if it was true. Apparently his limo had a flat tire on the New Jersey highway, and an elderly couple stopped to help. Donald asked what he could do for the man who helped them, and he said, "Send my wife a bouquet." The man had handed Donald his card, which included his address. Trump sent a beautiful bouquet, but also paid off their mortgage.

As for Trump's religious beliefs, he may not have the type of Christianity others think he should have, but I will tell you this. When he and his wife, Melania lived in Palm Beach, Florida in the Mar-a-lago estate and club, he and his wife attended church every Sunday. The only reason I know this is because I have very close personal friends who also attend this very same church, and saw them every Sunday.

Here's the Nonsense: Donald Trump is too outspoken, flamboyant, irreverent, and has hair that I hate for me

to consider him as a serious candidate for president. We need to force him out of the race immediately.

Here's the Horse Sense: Trump may be all of those things, but speaking your mind has historically been something Americans take pride in. We need to know more about his plans for America before we make a decision about him. And as for his hair, if you judge people based on their hair, weight, skin color, the way they dress, or anything else that says nothing about their character or ability, then you need to look in a mirror to see the real fool.

The media, politicians from both parties, political pundits, and many talk show hosts are leading the charge to attack and/or discount Donald Trump's run for the White House.

Criticisms of the most superficial things control the conversation. Leftist groups have mounted campaigns to have those who do business with him quit doing so. Yet with all the criticism and threats, Trump not only doesn't back down, the stronger he stands the more his poll numbers rise.

And through it all there seems to be no constructive arguments against Trump. We're seeing no attacks on his plans for America. No denial of the truths he's speaking, just attacks twisting his words through a politically correct filter.

But Americans who aren't involved in the day-to-day world of politics and reporting on it, or who aren't members of the politically correct class, are hearing from Trump the words that they themselves think. He is willing to say what they think and not back down when confronted. He's rapidly becoming a modern day icon with John Wayne strength that Americans look up to.

Americans are tired of always losing.

Since World War II we've never fought a war to win. We see our soldiers come home to tell us about the "rules of engagement" they must follow and that don't give them a fighting chance, let alone allow them to fight to win.

Our jobs have been lost to foreign countries.

Our economy is faltering.

Our children are getting education on a level lower than anytime in American history. Most of our college graduates today would have a hard time passing high school exams from the middle of the 20th century. Our educational institutions have become nothing more than indoctrination camps to teach our children how bad America is and how it must be changed.

All this and more cause Americans to be very weary of what's happened in our country. Americans want a winner who is willing to fight for them. And when Donald Trump says, "I love America. And when you love something, you protect it passionately - fiercely, even." the American people rise up and cheer. This is a message they yearn for deep in their hearts.

The criticisms of Trump are amazingly missing something. They are lacking in negative stories from those who work for him or have had business dealings with him. After all the employees he's had and all the business deals he's made there is a void of criticism. In fact, long term employees call him a strong and merciful leader and say he is far more righteous and of high integrity than people may think.

And while it may surprise many, he's actually humble when it comes to his generosity and kindness. A good example is a story that tells of his limo breaking down on a deserted highway outside of New York City. A middle-aged couple stopped to help him and as a thank you he paid off their mortgage, but he didn't brag about that. Generous and good people rarely talk of charity they bestow on others.

But as much as all this is interesting, the real thing that people want to know is what Donald Trump's plan is for America. It's funny how so many people say they don't know what it is, or they act like Trump is hiding it. The information is readily available if people would just do a little homework. But, since most Americans won't do their own research, here, in no particular order, is an overview of many of Trumps positions and plans:

1.) Trump believes that America should not intervene militarily in other country's problems without being compensated for doing so. If America is going to risk the lives of our soldiers and incur the expense of going to war, then the nations we help must be willing to pay for our help. Using the Iraq War as an example, he cites the huge monetary expense to American taxpayers (over \$1.5 trillion, and possibly much more depending on what sources are used to determine the cost) in addition to the cost in human life. He suggests that Iraq should have been required to give us enough of their oil to pay for the expenses we incurred. He includes in those expenses the medical costs for our military and \$5 million for each family that lost a loved one in the war and \$2 million for each family of soldiers who received severe injuries.

2.) Speaking of the military, Trump wants America to have a strong military again. He believes the single most important function of the federal government is national defense. He has said he wants to find the General Patton or General MacArthur that could lead our military buildup back to the strength it needs to be. While he hasn't said it directly that I know of, Trump's attitude about America and about winning tells me he'd most likely be quick to eliminate rules of engagement that handicap our military in battle. Clearly Trump is a "win at all costs" kind of guy, and I'm sure that would apply to our national defense and security, too.

3.) Trump wants a strong foreign policy and believes that it must include 7 core principles (which seem to support my comment in the last point):

American interests come first. Always. No apologies.

Maximum firepower and military preparedness.

Only go to war to win.

Stay loyal to your friends and suspicious of your enemies.

Keep the technological sword razor sharp.

See the unseen. Prepare for threats before they materialize.

Respect and support our present and past warriors.

4.) Trump believes that terrorists who are captured should be treated as military combatants, not as criminals like the Obama administration treats them.

5.) Trump makes the point that China's manipulation of their currency has given them unfair advantage in our trade dealings with them. He says we must tax their imports to offset their currency manipulation, which will cause American companies to be competitive again and drive manufacturing back to America and create jobs here. Although he sees China as the biggest offender, he believes that America should protect itself from all foreign efforts to take our jobs and manufacturing. For example, Ford is building a plant in Mexico and Trump suggests that every part or vehicle Ford makes in Mexico be taxed 35% if they want to bring it into the U. S., which would cause companies like Ford to no longer be competitive using their Mexican operations and move manufacturing back to the U. S., once again creating jobs here.

6.) Trump wants passage of NOPEC legislation (No Oil Producing and Exporting Cartels Act - NOPEC - S.394), which would allow the government to sue OPEC for violating antitrust laws. According to Trump, that would break up the cartel. He also wants to unleash our energy companies to drill domestically (sound like Sarah Palin's drill baby, drill?) thereby increasing domestic production creating jobs and driving domestic costs of oil and gas down while reducing dependence on foreign oil.

7.) Trump believes a secure border is critical for both security and prosperity in America. He wants to build a wall to stop illegals from entering put controls on immigration. (And he says he'll get Mexico to pay for the wall, which many have scoffed at, but given his business successes I wouldn't put it past him.) He also wants to enforce our immigration laws and provide no path to citizenship for illegals.

8.) Trump wants a radical change to the tax system to not only make it better for average Americans, but also to encourage businesses to stay here and foreign businesses to move here. The resulting influx of money to our nation would do wonders for our economy. He wants to make America the place to do business. He also wants to lower the death tax and the taxes on capital gains and dividends. This would put more than \$1.6 trillion back into the economy and help rebuild the 1.5 million jobs we've lost to the current tax system. He also wants to charge companies who outsource jobs overseas a 20% tax, but for those willing to move jobs back to America they would not be taxed. And for citizens he has a tax plan that would allow Americans to keep more of what they earn and spark economic growth. He wants to change the personal income tax to:

Up to \$30,000 taxed at 1%

From \$30,000 to \$100,000 taxed at 5%

From \$100,000 to \$1,000,000 taxed at 10%

\$1,000,000 and above taxed at 15%

9.) Trump wants Obamacare repealed. He says it's a "job-killing, health care-destroying monstrosity" that "can't be reformed, salvaged, or fixed." He believes in allowing real competition in the health insurance marketplace to allow competition to drive prices down. He also believes in tort reform to get rid of defensive medicine and lower costs.

10.) Trump wants spending reforms in Washington, acknowledging that America spends far more than it receives in revenue. He has said he believes that if we don't stop increasing the national debt once it hits \$24 trillion it will be impossible to save this country.

11.) Even though he says we need to cut spending, he does not want to harm those on Medicare, Medicaid, or Social Security. He believes that the citizens have faithfully paid in to the system to have these services available and that the American government has an obligation to fulfill its end of the bargain and provide those benefits. Therefore, he wants to build the economy up so that we have the revenue to pay those costs without cutting the benefits to the recipients. He disagrees with Democrats who think raising taxes is the answer and says that when you do that you stifle the economy. On the other hand, when you lower taxes and create an environment to help businesses they will grow, hire more workers, and those new workers will be paying taxes that become more tax revenue for the government.

12.) Trump also wants reform of the welfare state saying that America needs "a safety net, not a hammock." He believes in a welfare to work program that would help reduce the welfare roles and encourage people to get back to work. And he wants a crackdown on entitlement fraud.

13.) Trump believes climate change is a hoax.

14.) Trump opposes Common Core.

15.) Trump is pro-life, although he allows for an exception due to rape, incest, or the life of the mother.

16.) Trump is pro 2nd Amendment rights.

17.) Trump's view on same-sex marriage is that marriage is between a man and a woman, but he also believes that this is a states rights issue, not a federal issue.

18.) Trump supports the death penalty.

Trump believes that there is a lack of common sense, innovative thinking in Washington (Hmmm... looks like he believes in horse sense!). He says it's about seeing the unseen

and that's the kind of thinking we need to turn this country around. He tells a personal story to illustrate the point:

"When I opened Trump National Golf Club at Rancho Palos Verdes in Los Angeles, I was immediately told that I would need to build a new and costly ballroom. The current ballroom was gorgeous, but it only sat 200 people and we were losing business because people needed a larger space for their events. Building a new ballroom would take years to get approval and permits (since it's on the Pacific Ocean), and cost about \$5 million. I took one look at the ballroom and saw immediately what needed to be done. The problem wasn't the size of the room, it was the size of the chairs. They were huge, heavy, and unwieldy. We didn't need a bigger ballroom, we needed smaller chairs! So I had them replaced with high-end, smaller chairs. I then had our people sell the old chairs and got more money for them than the cost of the new chairs. In the end, the ballroom went from seating 200 people to seating 320 people. Our visitors got the space they desired, and I spared everyone the hassle of years of construction and \$5 million of expense. It's amazing what you can accomplish with a little common sense."

On top of his saving years of construction and \$5 million in expenses, he also was able to keep the ballroom open for business during the time it would have been under remodeling, which allowed him to continue to make money on the space instead of losing that revenue during construction time.

Donald Trump's entire life has been made up of success and winning. He's been accused of bankruptcies, but that's not true. He's never filed personal bankruptcy. He's bought companies and legally used bankruptcy laws to restructure their debt, just as businesses do all the time. But he's never been bankrupt personally.

He's a fighter that clearly loves America and would fight for our nation. Earlier I quoted Trump saying, "I love America. And when you love something, you protect it passionately - fiercely, even." We never hear that from Democrats or even from most Republicans. Donald Trump is saying things that desperately need to be said but no other candidate has shown the fortitude to stand up and say them.

Looking over this list of what he wants for America I see a very necessary set of goals that are long past due. Before we criticize someone because the media does, maybe we should seriously consider what he has to offer.

SO JIHADIS.. GO AHEAD BLOW YOURSELVES UP.. WE WILL NOT CHANGE OUR VIEWS BECAUSE OF LOSERS LIKE YOU.

Ted Cruz Citizenship Timeline

March 27, 2015 at 1:04am

Cruz Citizenship Timeline (documented)

State of Delaware Vital Records says, no record of Eleanor Elizabeth Darragh Wilson birth exist. Ted Cruz's mother does not have a US birth certificate.

FACTUAL CRUZ CITIZENSHIP TIMELINE

(Everything presented in this timeline is a matter of public record. All of it is based upon publicly reported events, public statements made by Rafael Cruz, Ted Cruz, officials with the Elect Ted movement or US and Canadian officials."

1957 - After working as a teen to help Fidel Castro gain power in Cuba, and being imprisoned for his actions by the Batista regime, Cuban Rafael Cruz applies for admittance to the University of Te'as as a foreign student and enters the US on a four year student visa to attend four years of college. He is a Cuban citizen attending a US college on a foreign student visa obtained through the US Consulate in Havana.

1961-1962 - After graduating college at the University of Texas, and upon the expiration of his foreign student visa, Cruz Sr. applied for and received "political asylum" and was issued a "green card." A green card is a permit to reside and work in the United States, without becoming a "citizen" of the United States, in this case, under political asylum from Castro's Cuba. His citizenship status was that of a Cuban national living and working in the United States, under a green card work permit. According to US laws, the

"green card" holder must maintain permanent resident status, and can be removed from the United States if certain conditions of this status are not met.

1964-1966 - Cruz Sr. takes a few odd jobs, marries and moves to Canada to work in the oil fields. The Cruz family resides in Canada for the next eight years. "I worked in Canada for eight years," Rafael Cruz says. "And while I was in Canada, I became a Canadian citizen." – (From an interview with NPR) "Peter Spiro, a legal expert on US citizenship at Temple University. Spiro says Rafael Cruz's multi-country odyssey did not follow traditional models for immigration. SPIRO - "Ted Cruz himself seems to be an advocate of those traditional immigration models. Maybe he should be a little more tolerant of the nontraditional Versions, given his own father's history."

1970 - Ted Cruz is born in Canada, to two parents who had lived in Canada for at least four years at that time, and had applied for and received Canadian citizenship under Canadian Immigration and Naturalization Laws, as stated by Rafael Cruz. As a result, US statutes would have voided the prior "green card" status which requires among other things, permanent residency within the United States and obviously, not becoming a citizen of another country during the time frame of the US green card.

1974 - The Cruz family moves to the United States when Ted is approximately four years old. Rafael Cruz has publicly stated that he remained a citizen of Canada until he renounced his Canadian citizenship when he applied for and became a US Naturalized citizen in 2005. As a result, his wife and son were also Canadian citizens, his son being born a citizen of Canada in 1970.

2005 - Rafael Cruz applies for legal US citizenship and renounces his Canadian citizenship. No record of Ted renouncing his Canadian citizenship or applying for US citizenship exists as of 2005.

2013 - Freshman Senator Ted Cruz is a rising star in the Tea Party movement, and calls for him to run for the White House begin. In July, Ted Cruz is Questioned by the press about his interest in running for President, and the issue of his Canadian born citizenship is brought up. Sen. Ted Cruz rejected questions Sunday over his eligibility to be president, saying that although he was born in Canada "the facts are clear" that he is a US citizen.

"My mother was born in Wilmington, Delaware. She is a US. citizen, so I'm a US citizen by birth," Cruz told A&C. "I'm not going to engage in a legal debate."

NOTE: Senator Cruz omits the part of his father's story, in particular, the part about his parents applying for and receiving Canadian citizenship prior to Ted's birth in Calgary. He also attempts to gloss past the actual definition of natural)born Citizen by implying it is a mere legal debate for others to figure out.

August 2013 - As Ted's political stock rises in the Tea Party, so do press questions about his eligibility for office. Ted decides to quiet the questions by releasing his birth certificate, which now becomes absolute proof of Ted's Canadian citizenship at birth, 1970, Calgary, Canada. The release of the Canadian birth records only serve to further fuel the controversy.

Ted seeks Legal Counsel, as the media is now pressing members of Canadian Immigration and Naturalization to clear the matter up, when instead, Canadian officials confirm the Ted Cruz was in fact born a legal citizen of Canada, the son of two parents who had also applied for and received Canadian citizenship prior to Ted's birth.

"He's a Canadian," said Toronto lawyer Stephen Green, past chairman of the Canadian Bar Association's Citizenship and Immigration Section.

"Generally speaking, under the Citizenship Act of 1947, those born in Canada were automatically citizens at birth unless their parent was a foreign diplomat," said ministry spokeswoman Julie Lafortune.

Legal counsel advises Ted to "renounce his Canadian citizenship" in order to make himself eligible to run for the presidency. Of course, renouncing one's original citizenship only further proves one's original citizenship.

May 2014 - Ted Cruz legal counsel files to renounce Ted's Canadian citizenship in an effort to make him eligible to run for high office under the natural born Citizen clause Article II in the US Constitution.

AUSTIN, Texas - Canada-born US Sen. Ted Cruz has given up his citizenship from his birth country, making good on a promise from last summer. spokeswoman Catherine Frazier said "the Tea Party favorite formally gave up his citizenship May 14th. He received official confirmation of the action at his Houston home Tuesday."

News that he had renounced his citizenship was first reported by the Dallas Morning News. The newspaper also broke that Cruz had dual Canadian) US citizenship when he released his birth certificate in August.

Frazier said Cruz "he is pleased to have the process finalized" and that it "makes sense he should be only an American citizen."- of course, the Constitution does not require that one be only an American citizen, but rather a natural born Citizen.

As of February 4, 2015 - No evidence of any US Citizenship has been released to confirm anything at all about the true citizenship status of Ted Cruz.

Because Ted Cruz has been confirmed a legal citizen of Canada up until renouncing his Canadian citizenship in May of 2014, and because he has been confirmed a citizen of Canada at birth, and because his father is on public record stating that he and his wife

became citizens of Canada during their eight years living in Canada and because Rafael Cruz remained a citizen of Canada until he renounced and applied for legal US citizenship in 2005. There is simply NO WAY that Ted Cruz was, is or ever can be a Natural Born Citizen of the United States eligible for the offices of President or Vice President.

So, does this mean that members of the Tea Party are engaged in an overt effort to defraud Tea Party members who are Ted fans, by all of this legal fancy foot work.

The facts are all well documented. You decide...

One who inherits their Citizenship at birth via nature alone, from their natural birth father, is a natural born Citizen of the United States. According to all available information on Ted Cruz and his family, Ted Cruz was a native born citizen of Canada and not a natural born Citizen of the United States. Now, Ted is either not too bright, or not too honest... But he is at least one of the two... and what about the Tea Party leaders behind this legal shell game?

State of Delaware vital records says, no record of Eleanor Elizabeth Darragh Wilson Cruz exist. Ted Cruz's mother does not have a US birth certificate.

Ted Cruz , who is the Con Artist Now? Ted Cruz. Your mother Eleanor Wilson had to be living in the U.S. for a period of five years “physical presence in U.S. for you to be able to acquire U.S. citizenship! She lived in England with her first husband then move to U.S.

Cruz. Your not even a UNITED STATES OF AMERICA Citizen! There is no doubt in my mind that you wrote your book in hopes that you could cover up for your mother not living in the UNITED STATES OF AMERICA for the required years so you could become a US Citizen at birth. Your mother was not in the U.S. for the time the law requires for you to acquire U.S. citizenship at birth under Section 301(g) of the INA

Sometime in or after 1966, your mother, Eleanor Wilson left England after the death of her son Michael and returned to the United States. London death records shows that in

1966 her son was buried in Kensal Green Cemetery in Kensington. She met Rafael Bienvenido Cruz who was Born in Cuba in 1939, Rafael Cruz and your mother got married in 1969. Ted Cruz, you were born in Calgary, Alberta, in 1970. Your father became a U.S. citizen in 2005.

Do the math. Your mother was not in the U.S. for the required time the law requires for you to acquire U.S. citizenship at birth under Section 301(g) of the INA

INA: ACT 301 - NATIONALS AND CITIZENS OF THE UNITED STATES AT BIRTH

Sec. 301. [8 U.S.C. 1401] The following shall be nationals and citizens of the United States at birth:

In 2013 According to my research Ted Cruz voted in favor of Agenda 21 & that's an area to which I'm really concerned... Did you know that Presidents in the beginning weren't paid & they were young??? So this whole "inexperienced" shit doesn't matter... It is & Should be a matter of Who Can We The People Trust??? Who Supports Our Constitution, Bill of Rights & Declaration of Independence??? Although if he's lying he's Not Trustworthy... I personally feel like I need to pick the best out of a rotten selection to choose from... Ben Carson was my 1st pick but he's out... Now I'm voting for Trump... We're in desperate need to slam on the brakes before the implosion/collision happens... Many of the candidates support Agenda 21/2030, bankrupting America & killing Our Constitution & Bill of Rights by means of Trade Deals & The United Nation's Small Arms Treaty, etc, etc, etc... Long Story Short... Who Do You Trust???

James Chalmers Cruz's campaign staff is under investigation for busing voters from one location to another for multiple voting by the same individuals in both Kansas Main do to citizen filing complaints with election boards in both states.

Don't underestimate the brilliance of Donald Trump. Listen to his testimony at a Hearing of The House Budget Committee Urgent Fiscal Issues Task Force in 1991 on the solutions to the U.S. Economic Recovery. Donald Trump was invited to appear by the Chairman of this committee.

William Seidman a Republican and former chairman of the F.D.I.C. who worked for President Ronald Reagan also testified with Mr. Trump. William Seidman was born in Grand Rapids, Michigan received his Master's Degree In Business from the University of Michigan's Ross School of Business.

“Trump is the only hope to defeat the Kingmakers,” Schlafly told Breitbart resolutely. “Because everybody else will fall in line. The Kingmakers have so much money behind them.”

More than fifty years ago, Schlafly coined the term Kingmakers—or what Schlafly says is now “generally called the Establishment,” or donor class—to describe a select group of cosmopolitan elites who control the Republican Party and have historically determined the Party’s presidential nominee. Aspects of Schlafly’s Kingmaker theory have been articulated in, what is today known as, the “invisible primary” or “The Party Decides” theory.

As Schlafly wrote in 1964, these “few secret kingmakers... successfully forced their choice on a free country where there are more than 34 million Republican voters... They dictated the choice of the Republican presidential nominee just as completely as the Paris dressmakers control the length of women’s skirts.”

“The Kingmakers,” Schlafly told Breitbart, “have picked our last bunch of losers. And there’s one loser after another because they were more interested in maintaining their flow of money from the big donors and their cooperation with the Democrats—their bipartisanship—and that’s not my goal. I’m for America [Schlafly slams hand on table] and America first [slams hand on table again].”

When asked what is the “most pressing issue facing the country today,” Schlafly—without a moment’s pause—said, “Immigration. And that’s why Trump is doing so well. People recognize that is the biggest thing. In the first place, it’s just about destroying our schools. All of these kids, who can’t read in any language, are coming in and expecting to be taught by our English-speaking teachers. And it’s not going to work. And yet we have to babysit them all day.”

Schlafly explained that immigration represents an existential issue for the nation: “If we don’t stop immigration—this torrent of immigrants coming in—we’re not going to be America anymore because most of the people coming in have no experience with limited government. They don’t know what that is. They look to the government to solve all of their problems, and as soon as we have a high majority of people who think that, it’s going to be a different country.”

“We have thousands of young people, who are first time entry into the job market and they need a job—they need an entry level job—and they are frozen out by these immigrants coming in. And there’s nothing un-American about saying, ‘No.’ We said no to everybody [during the mid-20th century]... we paused in taking anybody in and we had every right to do that. That’s one of the indicia of a sovereign power,” Schlafly said.

When asked if she thought it was time for another immigration pause, Schlafly said, “I certainly do. I think we ought to have a total pause until we catch up—and, in indelicate words, as Trump said, ‘until we know what the hell we’re doing.’”

With regards to Trump’s call for a temporary pause on Muslim migration, Schlafly said, “I think all the polls show that the country is with Donald Trump on that issue... It is certainly not our duty to let in everybody who wants to come to this country. Probably the whole world wants to come into this country. There’s more freedom, more good things, more plenty, and more welfare handouts [laughs] than any other country.”

J.b. Williams: Citizen Classifications

JUAN ERNESTO LUZ-MONDAY, FEBRUARY 15, 2016

Cruz & Rubio ARE NOT ELIGIBLE for potus or vp because they’re NOT Natural Born Citizens! Jindal & Haley aren't eligible either!

via J.b. Williams: DEAR CRUZ AND RUBIO FANS.... READ CAREFULLY!

U.S. CITIZENSHIP BY THE LAW © North American Law Center

1) NATURAL BORN CITIZEN – “As the society cannot exist and perpetuate itself otherwise than by the children of the citizens, those children naturally follow the condition of their fathers, and succeed to all their rights. The country of the fathers is therefore that of the children; and these become true citizens merely by their tacit consent.” (The Natural Law as understood by the Founders in Article II of the US Constitution)

2) NATIVE BORN CITIZEN - All persons born or naturalized in the United States, and subject to the jurisdiction thereof, are citizens of the United States and of the state wherein they reside. (The 14th Amendment definition for “citizen”)

3) NATURALIZED CITIZEN - the legal act or process by which a non-citizen in a country may acquire citizenship or nationality of that country. It may be done by a statute, without any effort on the part of the individual (aka anchor baby), or it may involve an application and approval by legal authorities, (such as a Consular Report of Birth Abroad (CRBA) form filed with the US State Department at the time of birth). (This includes “anchor baby” or “citizen at birth” born here or abroad, under the 14th)

4) UNDOCUMENTED – anyone who is not natural born, native born or otherwise naturalized as a legal citizen of the United States, also known in U.S. law as an “illegal alien.” (Individuals in the USA via a VISA, or visiting on vacation, or with other written consent of the US Government, are here “legally,” but are NOT “citizens.”)

5) The four above terms are NOT interchangeable. Each is unique and distinct from the other. Only one of the four is constitutionally eligible for the Oval Office. “No person except a natural born citizen shall be eligible to the office of President.” (The only exception were those alive at the time of the adoption, who became “citizens” by virtue of the adoption.)

Marco Rubio, Bobby Jindal and Nicki Haley all fall under #2, native born citizens under 14th Amendment naturalization. None of them are “natural born” US Citizens.

Ted Cruz falls under #4 at present – He resides in the USA without any U.S. citizenship documents at all. Rafael Edward Cruz was a “native born citizen” of Canada at birth in 1970. Mr. Cruz maintained his legal Canadian citizenship from birth, until he renounced that citizenship in May of 2014. No U.S. citizenship papers of any type, bearing Ted Cruz’s identity, have been made public. Only his proof of Canadian citizenship has been made public.

At the very best, Ted Cruz “might” be a “naturalized” citizen of the United States, if any U.S. documentation to authenticate is ever made public.

FINAL WORD - The current “legal” effort is to make all four terms synonymous, equal in legal stature, thereby eliminating the NBC clause in Article II and opening up the Oval Office to anyone from anywhere, with no U.S. documentation at all. If that effort is successful, the new requirements for the Oval Office will be only someone who has “attained to the age of thirty-five years, and been fourteen Years a resident within the United States”

Senator Cruz was born in Canada, subject to the jurisdiction of Canada. Further, any U.S. citizen by virtue of the 14th Amendment only, is a "citizen" and not a "natural born Citizen," as you will see below. (Source is Cornell Law on the 14th)

2. "dual citizenship" was prohibited in Canada in December 1970. (Source is Canadian Law)

From May 22, 1868 until December 31, 1946, all residents of Canada were British subjects. There was no such thing as a Canadian citizen or Canadian citizenship until January 1, 1947.

From January 1, 1947 until February 15, 1977, Canadian law prohibited "dual citizenship." Foreign parents giving birth to a child in Canada in 1970 were forced to choose between Canadian citizenship only, or citizenship in another country, and to declare that with Canadian officials at the time of birth. The parents of Ted Cruz chose and declared "Canadian citizenship" for Rafael Edward Cruz.

GOP Leaders, Tech Execs Plot Against Trump At Secret NeoCon Island Meeting!!

To the establishment, he is the REAL enemy because he isn't bought and paid for, doesn't need handouts, and has his own agenda. Bankers don't like anyone in the limelight with freedom. It kinda hurts the whole "we need taxpayer money to keep us afloat" meme.

The corrupt little-mans club, of which Romney is a member evidenced through his Bain Capital thefts, has few members but control financial markets only for personal gain. Trump could disrupt that, which is why they are so terrified!!!

yup - a group of billionaires meeting at an exclusive resort debating how to circumvent the democratic process, failing to consider that's the exact description of what's wrong with America (and the GOP)

1: 'I want this bill to pass so illegals can come out of the shadows'

2: was for Syrian refugees, now he's against it.

3: was for TPA trade deal, now he's against it.

4: Was for background check for gun purchases, now he's against it.

5: was against boots on the ground, now he says that he never said that & now supports boots on the ground.

6: was against TSA 'groping' now he's for it.

7: Supported Colorado Marijuana legalization, now he's against it.

8: Was for birthright citizenship, now he's against it.

9: wanted a 5 fold increase in H1b visas, now he's against it. That's just part of it.

Lastly, the fact that he was born in Canada makes calling into question whether his status is 'naturally born' a legitimate issue. That could be a serious

problem should he be the nominee, he is already being sued. This man has shown time & again that if it is politically convenient he will alter his position on any & every issue. He will say anything to get elected. We need Trump. Anyone but Hillary or Cruz.

Mr. Pope, Tear Down This Wall - by BEN SHAPIRO 18 Feb 2016

Neil Bush, the brother of Jeb and George W. Bush, has joined the Ted Cruz national finance team.

The move opens the door for the Bush dynasty to support the Texas senator in his bid for the White House.

The Dallas Morning News characterizes Neil Bush as a possible outlier within the family and reports it remains to be seen if the dynasty will shift its weigh behind the Cruz campaign after the failure of Jeb Bush to gain support for the nomination.

Neil Bush's role on the Cruz national finance team is striking considering his history.!
BEWARE!

during the savings and loan crisis of the 1980s.

According to an investigation conducted by the US Office of Thrift Supervision, Neil Bush illegally engaged in "breaches of his fiduciary duties involving multiple conflicts of interest" that led to the downfall of the institution.

The savings and loan crisis ultimately cost the American taxpayers over a trillion dollars.

Neil avoided going to prison for his role in the scandal. The boss of Silverado S&L, however, was not so lucky. Michael Wise was sentenced to three and a half years in the Federal prison at Leavenworth after pleading guilty to stealing nearly \$9 million from investors.

George Bush, Sr. and Jeb were also implicated in the scandal.

Jeb defaulted on a \$4.56 million loan from Broward Federal Savings in Sunrise, Florida. The taxpayers ended up shelling out \$4 million to pay off the loan Jeb and his partners used to buy an office building.

The corporate media ignored Bush's shady savings and loan dealings during his presidential campaign.

REVEALING: Trump has REAL character that others don't

Due to a technical problem at the debate, Carson did not step out on the stage when it was his turn. Let's see how each man handles the situation:

1) Christian Cruz sneezes right past Carson to get into the limelight himself, smirking as he passes.

2) Next, Donald refuses to step out on the stage when he's called, but calmly stays back with Carson

3) Christian Rubio skunks past and looks at Carson and Trump like they're idiots.

2) Christian Bush slimes past and grimaces at Carson and Trump like a school yard bully.

5) Finally, Donald Trump says, "You first, Sir." Like a real gentleman, he waits his turn until Carson takes his place

To truly understand Trump's TRUE character, watch when the candidates are introduced in the ABC debate. This was ACTUALLY the most REVEALING character statement of the debate. Donald Trump, thank you for your wisdom and humble demeanor!

Share with a Ted Cruz Supporter and get an answer to this simple question!

DID YOU KNOW ?

"At present, all FOIA (Freedom of Information Act) requests filed in search of any U.S. citizenship documents to confirm the true official U.S. citizenship status of Ted Cruz have been denied access. All citizenship records for Ted Cruz are sealed unless and until

Ted Cruz agrees to allow any such records to be released by either U.S. or Canadian agencies.

As a result, there remains no authentic evidence to support the claims that Ted Cruz is either a “natural born” or “naturalized” citizen of the United States.”

Read More Here: <http://www.newswithviews.com/JBWilliams/williams317.htm>

I sure can't speak for the rest of you, but, I do not want to go down the same road with the next president as we have with Obama.

If Cruz is legally eligible, and has nothing to hide – he must produce the documents required to clear up any question of his eligibility. Why has he sealed his records?

AMERICA – DEMAND SOME PROOF HERE! Words are cheap and anyone who has sealed their birth records must have done it for a reason. How many of you, who are registered to vote in this election have went out and had your birth records sealed? How many who are citizens have ever had their birth records sealed? ANSWER ME THAT, THEN ANSWER ME DOES THAT MAKE ANY SENSE?

I challenge each Cruz supporter to demand Cruz to unseal his birth records so the public can see for themselves that he is who he says he is in his eligibility.

Look I don't give a flying F**K that Mark Levin and Glenn Beck and at the Queen of England and the bought and paid for article by the Harvard Law review (written by two of Ted Cruz's friends) that is trotted out as Proof he is eligible.

SIMPLE TO PROVE THAT HE IS... RELEASE HIS RECORDS.. WHY THE FUSS? WHAT IS HE HIDING?

Ted was all in asking Donald Trump to release the New York Times Off the record interview and his Tax records remember ??

HOW COME YOU WILL NOT ALLOW THE RELEASE OF YOUR ELIGIBILITY RECORDS TED ?

Shame on his supporters for being so blind! Smells like an Obama style Cover up!

Can A Ted Cruz Supporter Answer this question ??

Yes its true.. Ted Cruz sealed his records

THIS NEEDS TO BE SHARED AND SHARED AND SHARED!!!!!!

It's customary to agree to disagree on candidates, it's distorted to disagree that our electoral system is legal and our politicians are honest.

Shocking that our politicians play by their own rules and have little to no truthfulness and have corrupted the entire political chain.

It's exhausting listening to politician lies so I no longer listen to any b/s they say. I go by their past votes and any bills they tried to pass, any amendments they tried to slide in and any videos.

Disgusting to witness politicians play-book and alarming for Americans to be defenseless when our rights are being replaced by politician greed!

Appalling Cruz and Rubio have many live videos from 2008 to date demanding increase for immigrants and billions of dollars and other resources, yet now they act as it's so unfair for Americans to lose jobs.

First place Cruz claims to be constitution scholar, yet he don't defend Americans constitution right to not aid non-citizens if it's a burden on Americans. I believe we can all agree the unlimited aid our lawless leaders continue to hand out is destroying American jobs, tallying up our debt, hurting our education, abusing our tax dollars and whole list of other freebees equates to burden.

Politicians have their own language and have unique sleazing way of answering you with getting away with saying they didn't lie, let me give you 2 quick examples.

Hillary answer about the emails: Says, "I did not send or receive material that was marked classified." She lied and told the truth at the same time. Although she did send and receive classified material which put America in harm's way, she was able to pass off the truth as lies because the material will never say classified, it will read. "Government related" or "confidentially" or "top secret" or the alike. Instead admitting to her games, she played it.

Cruz also lied and told the truth at the same time. He was truthful when he said he voted against amnesty, but failed to tell you he voted with an amendment that increasing immigrants by 500% and to increase the cap allowing employees to hire more immigrants than what the current cap is.

When he was questioned about his flip=flop he used excuse this was a plan of his called a poison pill to destroy the entire bill. Laughable and politician brilliance at its best because he fails to say, he has been selling his plan since 2008 to date. Does he really expect you to believe he gambled votes? Simple truth is a simple no was only thing needed. His so called poison pill was a stupid risk at your expense.

All this is live on videos that has been posted many times throughout f/b and honestly it's hard to believe if anyone who watched any of the videos isn't taken aback by his boldness and superciliousness. Do you understand the reason these lawless idiots continue to lie in this manner is because they recognize most people are totally dependent on their government being in control, and some will refuse to believe facts and others are stuck on the stupid stick.

Another unforgiving reality is each time Americans distinguish overwhelming immigration programs the names of the programs change. Research Cruz's bills he

pushed under H-2A, he changed lanes and pushed bills under H-1B, basically the same both for immigration but one is to increase them.

Pay attention to the hundreds' of abbreviations, this is poly to confuse Americans and another trickery they can use when answering to the voters. Example, Cruz says, "I voted against TPA!" He fails to tell you he voted for TPP! Same thing, one is fast track.

I will list just few of the many abbreviations.

USCIS U.S. Citizenship and Immigration Services

US-VISIT United States Visitor and Immigrant Status Indicator Technology

WTO World Trade Organization

Pay attention to the issues concerning North, this is the WTO (World Trade Organization) all the lawless idiots been working on in the past decade.

Someone said, “Don’t matter when TRUMP gets in will end WTO. Wrong, because when this deal is signed these idiots are signing over control and giving up all our power. There won’t be regulates from America and will be regulated by world leaders. So if you think you’re taking a birth-control pill, yet its aspirins, too bad!

Here’s the truth, immigration is good in many ways, hello we have immigration laws and we embrace them and honestly lawless leaders allow immigration policies to abuse America, so why the * do we need to alter what we have. They make it sound as allowing world trade will bring in serious capital. Really, well ask yourself this, why is there a nail salon on every corner in every city with not one America worker? Why are the American gas station owners folding up and new ones every minute are popping up under immigrate owners? Why do non-citizens get tax free for many years? Why do we have many programs that allow them to grow and Americans are supposed to sit back and smile simply because we were born here? Is this our punishment?

We can do everything they want to do and keep control. This way if a product is fraud we can shut it down, but not under the WTO.

Today Obama they instructed aides to make it easier for goods and people to move back and forth between the two borders. Really any easier we will soon be called Canada. Obama also said, “Were woven together as deeply as societies, as economies.” Ok, so why can’t we achieve this agenda without giving away our power?

If you allow visitors into your home you should expect them to follow house rules, but if you are stupid enough to give them half of your home you no longer have your own house rules and that becomes a problem, especially if you both have various different traditions.

This compromise is a serious betrayal to the American people across the nation! This is proof that there is dirty politicians on one side and innocent Americans on the other side and the media nurturing the game played by the callous tycoons!

America is in crisis, Wall Street and billionaire tycoons laughing and politicians do nothing for Americans but have tens of hundreds of programs to enrich immigrates.

Americans are victim of politicians abuse and are branded racists if dare have the audacity to want to restore America traditions and be able to stay afloat before we pull any floaters.

Every politician is aware what needs to be done and everyone failed to lead, failed to stand against the corrupt and inform the people of what's happening in the WH circus. All of them of course now only linking out small hints but not one will utter names so Americans can understand the full scope of what we're dealing with. This is just more politicians games!

Political corruption is the use of power by government officials for illegitimate private gain. An illegal act by an officeholder constitutes political corruption. Besides the obvious candidates are hinting the apparent proves their agenda represents the imbalance, because their silent controls more Americans than it governors. Because giving us a small truth in order to buy our vote tells us you're part of the establishment selling your soul to the highest bidder.

America is now owned by the corporate lobbies and other billionaire tycoons making it impossible for politicians to pass laws for the interest of the people.

At this point we the people should agree to enforce our rights and force our voices be heard, after all they can't buy what we refuse to sell. Forget about who's the best candidate and look at who's been the lawless leaders and everyone's answer should equal the same.

The border isn't up. Immigration is out of control, America's laws being abused and our constitution laughed at. Our jobs handed to outsiders and our education centered to educate immigrants. Trillions of dollars in debt for aid for outsiders. Veterans who put their lives on the line (many who actually died for you) are homeless and those who ignored our laws and some who even killed our innocent are housed on your dollar. Both Rubio and Cruz voted against benefits for our Vets, wonder why? Vets aren't worth anything for giving us the right to life?

What should make every one of you nauseated is why today only after being asked is Rubio and Cruz mentioning it was unfair what Disney did, especially after both of them pushed to raise the number of immigrants employees can hire and increase immigrants by 500%. But why if they are supposed to be our voices have neither one had press conference on this issue. They spend millions to attack TRUMP and spend all their time pushing bills and votes for immigrants, yet failed to give Americans 5 minute speech to let us know they will do everything in their power to fix the mess they got us into!

Once WTO is in we will clearly have no voice let alone rights. Worried for America and concerned for your kids and grandkids future TRUMP's tone is exactly what you should want!

Clinton will enforce Obama's dreams and all others will enforce their personal agenda and please get off the stupid stick if you believe they (all) don't owe their donors personal favors. They been doing it and will keep doing it until we stand together and if you want to remember anything remember once we have world leaders involved we will never have a chance to ban together.

America is the home of Americans, so why are we so willing to give it away? Even scarier is why we the people allowing it to happen. Forget them and their holy and thou attitude and get off our high horse and ban together to keep our home where it belongs, in AMERICA, not in some world trade organization, have we the people been drinking the WH Kool-Aid, because we act as if we already lost our rights. We act as if we don't have a voice!

Voting for a politician is a vote against the AMERICAN PEOPLE!

Help get this across AMERICA! Cash in all your favors and beg all your f/b friends to pass this on and on, we must wake up the sleeping! We must ban together and send a serious and very strong message to all politicians that we demand the circus to end, we want our WH back. We the people bought and pay for the WH, that is Americans home, not some lawless circus for all idiot clowns! People this is real, look around, its here and the rest is coming fast. Only one reason we have no borders, this is the WTO i been posting about for past 6 months! PLEASE WAKE UP AND FIGHT TO SAVE FOR YOUR HOME, OUR HOME, OUR KIDS' HOME AND GRANDCHILDRENS' HOME! WE BUILT AMERICA, IT BELONGS TO THE CITIZENS OF AMERICA, NOT TRYCOONS AND LAWLESS POLITICIANS AND CLEARLY NOT THE OUTSIDERS, STOP PUNISHING US FOR OUR BIRTHRIGHTS! END ALL POLITICIANS!!!!!!!!!! - Issy Muller

If Ted Cruz, the native-born Canadian to an alien father, were not a duplicitous sneak about his presidential non-eligible status then we might be able to trust him. Were he an honest person, here is what I would expect him to say:

"Hello, I am senator Ted Cruz and I am running for president. I know that, like putative president Obama, I am not a natural born Citizen and am not Constitutionally eligible to serve as your president, but if elected anyway, I believe I can repair much of the damage our great country has sustained under the anti-American usurper and criminal identity fraud currently occupying our White House.

"I know many of you hearing this, especially those of you in the press, will find my words to be shocking and outrageous and that is fine for I, too, find it shocking and outrageous that our great country has so long suffered without challenge a usurper as its commander-in-chief.

"Like our putative president has claimed about himself for a period of over seventeen years before he decided to run for president, I was born in a foreign country to a foreign father and to an American mother. By bringing this issue to light in a way that cannot be ignored, even by you in the regime friendly media, it is my sincerest hope to end the eligibility controversy that clouds both my candidacy and the putative presidency of Mr. Obama, if that indeed really is his true legal identity.

"In fact, I do not believe either myself or our putative president to be Constitutionally eligible and I would hope that the best outcome to end this controversy and its cover up in both the press and in Congress, would be to immediately instigate a complete and thorough investigation into the true background of Mr. Obama and of the Constitutional meaning of natural born Citizen, which, by the way, I believe requires that one be both born in country and be born to citizen parents.

"I believe the best outcome of this investigation, the best outcome for our country would be to invalidate the entire presidency of Mr. Obama and begin the healing and recovery process from the great damage this man has done. However, if I am wrong or if Congress and the American people choose to ignore this Constitutional requirement both now and going forward, then I will have a clear conscience and a green light to continue to run to become your next president and make our country great again.

"Thank you all and I am sure that members of the press will now have a few questions to ask of me."

Do you believe in the constitution? In the Bible? Ted Cruz is not a constitutionalist, and therefore cannot be a constitutional conservative. He is an establishment conservative. Neither he nor Rubio are qualified candidates:

In #TedCruz own words!!

Ted Cruz Said, Obama Not Eligible To Be President; Citizen Parents? “ I am honored that so many Americans want me to run for the office of President. However, my moral convictions require that I state clearly for the record that I am not eligible for the office

of president or vice president according to Article II – Section I – Clause V of the U.S. Constitution, which requires that only a Natural Born Citizen of the United States, born of an American Citizen Father, seek or hold these offices. As I was born the son of a Cuban Citizen living in Canada at the time, I am not a Natural Born Citizen of the United States. On this Constitutional ground, I hereby state that Barack Hussein Obama, the son of a Kenyan Citizen Father, is also not a Natural Born Citizen of the United States...I hereby call for the immediate investigation and resignation of Barack Hussein Obama and all who were involved in the greatest fraud ever perpetrated on the world, as well as all who have engaged in the greatest political cover-up in the history of politics.” In that conversation, he asked Ted – “what is your understanding of the term Natural Born Citizen?” – to which Ted answered, “someone born on soil to Citizen parents...” “Is Barack Obama a Natural Born Citizen of the United States? – to which Ted correctly answered, “NO!” Then the most important question was asked... “If we get you elected to the Senate, will you do something about our illegal occupant of the White House?” – to which Ted answered.... “I think repealing ObamaCare is more important...” The witness is willing to go on record if need be. In case you Cruzers didn't know. Cruz is facing court in 6 States for eligibility... By then, he'll be out of the race!.... BTW, please study the U S. Constitution! I'm a student of the Constitution and it's critical to study and understand so we don't put another ineligible president at the WH! Respect the framers of the Constitution! I happened to find this yesterday while looking for another reference. I am not so sure Cruz is even a US citizen let alone a natural born citizen, which would mean he is illegally a Senator. If I can dig this up, Hillary's team will have a field day. Cruz MUST release his Consular documents for immediate inspection by the FEC!!!

United States nationality law

Foreign born Children born to one US citizen parent:

For persons born between December 24, 1952 and November 14, 1986, A PERSON IS A US CITIZEN IF ALL OF THE FOLLOWING ARE TRUE:

*The person's parents were married at the time of birth.

*One of the person's parents was a U.S. citizen when the person was born.

*The citizen parent lived at least ten years in the United States before the child's birth.

***** (Note: Cruz's mother was previously married and lived in England from 1960-1966 or later. Cruz's parents marry in 1969, Cruz was born in 1970 in Canada Cruz's mother did NOT LIVE IN THE US TEN YEARS BEFORE HIS BIRTH)*****

*A minimum of 5 of these 10 years in the United States were after the citizen parent's 14th birthday.

Just because a noted lawyer says something, does not make it accurate. All have someone's axe to grind. Often you will find one who does, intentionally, state a correct definition, but how do you tell which one? Resort to discussions held at the time, like the Federalist Papers. If you are really interested in a thoroughly researched answer to a question, try www.wordpress.publiushuldah.co.... There is a long laundry list of topics she has investigated...pick and choose. Most current thoughts are pertaining to the interest in an Article V Constitutional Convention. Well, rather against having one.

Best do your own research...some rascal will doubtless ask you pointed questions about what you repeat from someone else.

SCATTERSHOOTING - Here's more good news to share - Trump has more than the 682 delegates reported. Missouri has held back issuing 22 of its Congressional jurisdiction delegates so by Monday Trump could see his total increased to on or about 700. It is virtually a certainty Trump will win all of Arizona's 58 delegates on Tuesday, then throw in some of Utah's proportional 40 delegates and Trump could be in the range realistically at 775 delegates by Tuesday night....only 462 away from avoiding an Open Convention. After this Tuesday, there will still be 19 States left between now and June 7. I truly love those odds, and 7 of those are "pure 100%" Winner Takes All (WTA) States no matter if 50% is reached or not. Trump appears in very good shape to win at least 5 of the 7 WTA. Trump should dominate in New York, Pennsylvania and New Jersey (WTA) and those three alone represent a chunk of the balance needed. So folks, this BS about Trump coming up short is fueled by RNC and cable news who do not want to tell you that Trump's prospects really look quite good. It would be bad for business.

Marine Spends 214 Days In Mexican Prison... Then Gets Paper With Donald Trump's Signature On It

Remember Marine Sgt. Andrew Tahmoore, the former Mexican prison inmate who spent 214 days in custody after accidentally crossing the border into Mexico with several legal firearms in his possession?

Though President Barack Obama made zero efforts to aid Tahmoore, who eventually earned his release due in large part to the work of several noted congressional members, the same cannot be said about current GOP presidential front-runner Donald Trump.

According to Fox News, only days after Tahmooressi finally made it back home in November of 2014, billionaire candidate Donald Trump decided to bless the beleaguered Marine with a \$25,000 check.

You are correct, Cruz is ineligible. The Framers were clear on Natural Born Citizenship.

"1) In 1969 Pinckney McElwee uncovered evidence in the House Committee notes from 1795 which indicate that the reason the reference to natural born citizen (NBC), included in the 1790 Naturalization Act, but entirely removed from the 1795 Naturalization Act, was that people would wrongly infer that that Act was actually intending that those born overseas outside the country were to become natural born citizens. Clearly Madison was not wanting to make natural born citizens of the children born overseas to American parents. On June 14, 1967, Representative John Dowdy introduced McElwee's unpublished article, "Natural Born Citizen" (pg 10), on the House floor, to the U.S. House of Representatives. Until recently, the import of this evidence has been largely unrecognized."

As the democratic presidential race heats up, many people are questioning Bernie Sanders' self-proclaimed socialist leanings, a designation that some are concerned is at odds with America's capitalist tradition. Here is a side-by-side comparison of the two political systems:

	SOCIALISM	CAPITALISM
Underlying Philosophy	From each according to his ability, to each according to his contribution	Fuck you
Leading Proponents	Classmate who spent semester in Sweden	Classmate who owns cuff links
Benefits	Living wage, universal health care, free education	Burger King Chicken Fries, Segway hands-free scooter, gloves that look like Incredible Hulk fists
Income	Redistributed	Mine, mine, mine, mine, mine!
Diamond-Encrusted Canes?	No	Yes
Ownership Rights	I'll finish that sandwich if you're not eating it	I hold a collateralized debt obligation that includes portions of your sandwich
Anthem	Notorious B.I.G's "Mo Money Mo Problems"	Notorious B.I.G's "I Love The Dough"
Assumptions About Human Behavior	Naive	Spot-on
Does It Work?	In theory	In theory

The repeated comparisons between Donald Trump and Hitler are made by stupid babblers and serious anti American Ideologues!.

FACTS !

They are as ignorant of history as they are offensive to those Jews who lost ancestors in the Holocaust. Trump's ideology is substantively different than that espoused by Hitler.

Let's break this down for the STUPID and the IGNORANT.. (I do not expect to change the minds of ideologues who have chugged down the Koolaid!).

First, fascism, and the ideology of Nazism in particular, blamed the Jews not only for the economic collapse of Germany in the late 1920s, but also for Germany's loss in World War I. At no point did Hitler meaningfully distinguish between German Jews and non-German Jews, or between immigrant Jews and non-immigrant Jews.

In fact, for Hitler, it was the very fact that there existed German Jewish citizens at all that "endangered" the German nation and state. By contrast, Trump speaks specifically about undocumented immigrants—yes silly morons, and that is in a way substantively different than the way Hitler spoke about Jews.

Trump does not have a problem with Latinos/Latinas. Matter of fact he has so many of them that work for him and are paid equitably by him and we have never heard them complaining!

This contrasts starkly with Hitler's concern: The existence of Jewish people and citizens, not Jewish immigrants.

Trump, and true America First Republicans and conservatives, are most certainly for LEGAL assimilation and multiculturalism-- we want immigrants who come here, to come here legally to assimilate into American culture, rather than retaining their own.

This manifests itself in his support for policies such as English as an official language, language about "illegal invasion of illegal aliens," and so on.

Again, in stark contrast, Hitler did not care whether Jews were assimilated or not--all Jews were slated for extermination, regardless of whether they embraced German culture or not.

Trump's rhetoric regarding Muslims is substantially different from what is spread by a media terrified of his ascendancy.

Trump's underlying ideology of the fear that America has let Muslims into this country in a time of fever pitched anti Americanism in large part of the Muslim world arises from the concern for safety of the AMERICAN CITIZEN.

Hitler's race-based ideology is 100% different from what Trump has had to say about Muslims has regarded Muslim immigrants, and specifically Muslim refugees. Hitler was concerned about the "Jewish race."

At this point it is also worth noting some key differences in the explicit political programs of Trump and Hitler. In February 1920, long before Holocaust was underway, Hitler announced the 25-point Programme. This included such points as "we demand land and territory [i.e., colonies] for the sustenance of our people, and colonization for our surplus population," the creation of a "Greater Germany," and "Only a member of the race can be a citizen. A member of the race can only be one who is of German blood, without consideration of creed. Consequently no Jew can be a member of the race." The Programme also called for the expulsion of all Jews from the media or any ownership interest in it, and the establishment of a central authority with "unlimited authority."

By contrast, Trump's platform calls for the following: a wall along the southern border of the United States; more ICE officers; nationwide e-verify; the deportation of undocumented immigrants and the permission for the best among them to re apply and come back. Not extermination by any stretch of logical explanation!

The most "Extreme" points of Trump's platform

(1) end to birthright citizenship and

(2) preventing Muslim Visitors (Not CITIZENS) from entering the United States for a period of time while CONGRESS is entrusted with the duty of ensuring and orderly process of immigration is logical and takes into account the SAFETY OF AMERICA FIRST!

This so pales in comparison to the specifically racialized and anti-Jew points of Hitler's platform. At no point does Trump call for ending the citizenship of Muslims or Latinos/Latinas writ large, as Hitler did for Jews

Furthermore, Hitler and the Nazi Party used a private army, the Sturmabteilung (SA), to enforce their political will and, in an organized way, terrorize Jews, Jewish-owned businesses, and Jewish places of worship. The SA was formed in 1920, more than a decade before Hitler and the Nazis assumed power. The SA intimidated political opponents and Jews with violence. No such organization exists that is affiliated with Donald Trump's campaign.

Lets assume that Trump will win now, he would win as President of the United States of America. We have a Constitution and at no time is Trump even contemplating an overthrow. We have a Congress, we have a judicial system. To any smart educated voter the differences are huge between the American and Weimar constitutions. Only a babbling nincompoop or a Anti America Ideologue could make silly comparisons to score political points!

For example, because the Weimar republic used a parliamentary system, a party's choice for chancellor was also the head of the party. By contrast, in the United States, political parties are operated through a variety of political organs, and while the sitting president of a party has substantial influence, he does not have full control of the party. Another result of the parliamentary system meant that individual MPs were fully under the control of the party head--i.e., Hitler. Because the United States has no such system, members of Congress can (and often do) split with their party. Both of these things are of note because it was Hitler's control over the Nazi Party, combined with the Party's control of the parliament, that enabled him to become chancellor and subsequently suspend civil and political liberties. Even without any other American constitutional provisions in play, this alone would be sufficient to block any similar program.

There were other significant weaknesses in the Weimar constitution, such as Article 48, which allowed the president to suspend the constitution itself in cases of "emergency." When Hitler became chancellor, it was this exact provision that enabled him to do away with the democratic regime and the Weimar constitution. By contrast, the U.S. constitution operates at all times, even (and perhaps especially) during emergencies. Without any mechanism by which to suspend the Constitution, Trump would be faced with the task of amending the Constitution itself--something exceedingly difficult and rarely accomplished.

In conclusion, Trump is not even close to Hitler.. and this is a bad cheesy desperate comparison made by desperate people trying desperately to further their agenda by making Trump the boogie man. A Saul Alinsky tactic that will not work this time around.

Voter suppression is going on right now at Precinct 10 Ward 22 in Chicago. Gary school on 31st. La Villita is corrupt. I show up at 8 am and they wouldn't give me a ballot with my candidate and kept saying that's all they had. They had them hidden, and kept telling me there was nothing they could do, and that's the only ballot they had. When they finally found them, you could tell they knew they got caught. This is disgusting! I could never do this to anyone, no matter what party they were voting for! Chicago is getting worse everyday. This city is terrible. the #ChicagoMachine!!!! They aren't asking for i.d. either! After we got to vote they hid them, stating that there was no space on the table!!! And then we were told to leave or we would get arrested for taking video. #VoterSuppressionChicago

Terry Busby “Donald Trump has lined up three New York hedge funds, including money from billionaire George Soros, to invest \$160 million in his Chicago skyscraper, a key piece in perhaps the largest construction financing in the city’s history, according to real estate sources and public documents.”?

That was back in October 28, 2004, 12 years ago. It says that the \$160 million including money from Soros, not the whole amount. That money, from whomever it came from, was a business loan, not a campaign donation. Nobody knew 12 years ago that Trump would be whipping the socks off of all the Establishment Repubs today. It is in desperation that they are going back so far to dig up shit like this!

Even if trump had got some of that money from a Soros hedge fund it would have been repaid long ago. Dig through his financials, which he made public, and prove me wrong. Let me repeat, even if true, it was a business loan, not a campaigner donation.

Here is the source of the above meme, you can see that justlittleoleme, who ever the hell that may be, dug up an artical from October 28, 2004 reposted on 1/18/2016, 1:17:20 PM.

Despite reports about the project's record-breaking sales, most of them from Trump himself, many Chicago real estate developers and lenders have expressed doubts about whether the 90-story tower would ever be built. "It is such a huge project, and the prices he said he was getting were so outside the norm," said Robert Glickman, president and chief executive of Chicago-based Corus Bank. "It was reasonable to say, 'Is this real?'" he said. Much of the skepticism springs from Trump's own hype. "Chicago developers are much less flamboyant," said Glickman. The massive financing, which sources say also will include a \$650 million construction loan from Deutsche Bank, should quell those doubts

* Heidi Cruz is a member of the leftist council on foreign relations, advocates of world Government and a New World Order.

* Ted Cruz was George Bush's top policy advisor.

* Ted Cruz was in the federal Trade Commission.

* Ted and Heidi met when they were both Bush staffers.

* Cruz advised on legal affairs and Heidi on economic policy for the bush administration.

He also worked for Goldman Sachs.

fast track trade authority, removing the hurdle of concern for further amendment, and clearing the way for passage!

It didn't have to be recorded, so nobody knew this.

* Cruz has openly stated that he will NOT use a deportation force, and will continue to use the failed ICE system, where an illegal has to commit a crime first, then be caught.

Wise up, he's not who you think he is

he has always been establishment, he is bought and paid by the banks. He did not vote to audit the Federal Reserve, he most certainly is establishment.

Best response so far to the Cruz sex scandal: "Poor Ted's wife. She trusted him, but then he cheated and now he's busted and his campaign is busted. #CruzSexScandal

Here it is...

Donald Trump spokesperson Katrina Pierson finally spilled the beans on Heidi Cruz.

"Her entire career has been spent working against everything Ted Cruz says he stands for."

This comes after Heidi Cruz attacked Donald Trump this week calling him a serial liar.

The Hill reported:

"Spilling the beans is quite simple when it comes to Heidi Cruz," Pierson said in an interview with MSNBC's Steve Kornacki.

"She is a Bush operative; she worked for the architect of NAFTA, which has killed millions of jobs in this country; she was a member on the Council on Foreign Relations who — in Sen. Cruz's own words, called a nest of snakes that seeks to undermine national sovereignty; and she's been working for Goldman Sachs, the same global bank that Ted Cruz left off of his financial disclosure," Pierson said.

For you CRUZ supporters or those of you Rubio supporters that are switching to Cruz.... Honestly if you would really research Cruz and see what he actually stands for and what we have to lose... YOU WOULD NEVER VOTE FOR CRUZ !!! If you support Cruz, you support NAU... North America Union.... that would make Canada, America, Mexico ALL ONE with open borders and a superhighway from Mexico to Canada for open trade.... His wife Heidi works for Goldman Sachs and is all for this.... Cruz is a plant from the BUSH family that wants this and this has been in the making for years !!! They do not want to CLOSE the borders and build a wall... they want open borders and freely travel,

ONE CURRENCY for all 3 Countries.... No more Sovrn Nation, Constitution, Freedoms as we know it.... Does it not surprise anyone that a Canadian is running for President of the United States of America ???? He is not even Eligible for POTUS. On the Democrat side we have Hillary with her agenda to continue Obama's legacy of NWO.. New World Order and on the Republican side we have Cruz, Rubio, Jeb trying to continue the BUSH agenda of NAU... North American Union. THE only PERSON trying to stand up and STOP all of this is DONALD J TRUMP. He is fighting for our FUTURE, our FREEDOMS, our CHRISTIANITY and our CONSTITUTION so tell me again why you are voting for anyone else ?? Does this not make sense to you now why the media, establishment, RNC, DNC, GOPE, SOROS, and everyone else you can think of is against him..... We The People need TRUMP if we are to have a future for ourselves, our families, and our COUNTRY !!!!!

Washington has NO Answers! These US Sheriffs Tell Americans We Need To Take Back Our Country At The Local Level - March 29, 2016

Letty Bromenschenkel to Guns.Borders.Faith.Life.Budgets.Speech.

PVT citizen TRUMP and his supporters never created the problems in this country :

Cruz and his Bush Dynasty evil franchise spent over 520 million

(over 1/2 billion) to personally smear Trump with their forgery and fraud, zero solutions.
zero solutions Cruz Senator for 4 years and he did zero absolutely zero .

NO surprise that evil, sinister CRUZ – Beck, their radical media, hate driven and smear driven supporters, and their corrupt criminal political class dynasty are stirring up riots, hate and violence against peaceful, law-abiding Americans

The TRUMP supporters are not the violent protesters, they are attending a peaceful gathering of like minded people.

Trump did not let over 300,000 vets die waiting for their Health Care !

Cruz did :::::::::::

As Senator he refused to demand that VETS get instant HC to save their lives::::::::: at least a pain pill to ease the suffering

WHO can defend his criminal negligence ? and HOW can you defend it ?

Not your son, brother, father, sister, mother died waiting to get the HC they had every legal right to have ? ... we get it :::

Those who can defend the GOP who let VETS die waiting for their HC have zero to say against Trump .

Ted Cruz is a one term Senator who has served only half of his term, now running for President. Cruz has no executive experience running anything, not even running a lemonade stand.

Both sound like Barking sea lions !! SIMILARITIES!!

THE SOBERING SIMILARITIES BETWEEN TED CRUZ AND BARACK OBAMA

Ted Cruz was born to an American mother and an alien father, in the country of Canada. Questions regarding the constitutional eligibility of Cruz to serve as President surround his candidacy.

Barack Obama was born to an American mother and an alien father in the island state of Hawaii. Questions regarding the constitutional eligibility of Obama to serve as President surrounded his candidacy.

Ted Cruz is a Harvard trained lawyer, He is verbally highly proficient.

Barack Obama is a Harvard lawyer. He is verbally proficient with a teleprompter.

Ted Cruz lies a lot to establish his points of view

Barack Obama lies a lot to get his way with mind of the back end.

Ted Cruz is a one term Senator who has served only half of his term, now running for President. Cruz has no executive experience running anything, not even running a lemonade stand.

Barack Obama was a one term Senator, who had served less than half of his term, when he ran for President. Obama had no executive experience to prepare him for the most important executive position in the world. The country has paid dearly for Obama's lack of executive experience and his unfitness for the job of President of the United States.

Does the Republican Party and the United States want to make the same mistake by electing a Ted Cruz to the White House? Cruz's resume and Obama's resume are so similar that it is frightening to consider the consequences of making such a mistake again.

Ted Cruz claims to be a Christian when in fact he belongs to a sect/cult called Seven Mountains Dominionism.

Anyone who has watched Cruz on the stump knows that he often references the important role that his father, traveling evangelist Rafael Cruz, has played in his life. During a 2012 sermon at New Beginnings Church in Bedford, Texas, Rafael Cruz described his son's political campaign as a direct fulfillment of biblical prophecy.

The elder Cruz told the congregation that God would anoint Christian "kings" to preside over an "end-time transfer of wealth" from the wicked to the righteous. After this sermon, Larry Huch, the pastor of New Beginnings, claimed Cruz's recent election to the U.S. Senate was a sign that he was one of these kings.

According to his father and Huch, Ted Cruz is anointed by God to help Christians in their effort to "go to the marketplace and occupy the land ... and take dominion" over it. This "end-time transfer of wealth" will relieve Christians of all financial woes, allowing true believers to ascend to a position of political and cultural power in which they can build a Christian civilization. When this Christian nation is in place (or back in place), Jesus will return.

Rafael Cruz and Larry Huch preach a brand of evangelical theology called Seven Mountains Dominionism.

I will not abandon your values. I never have and I never will. But I can't fight alone.

→ If you want me to stand and fight, I need to hear from you right now.

As we begin this new phase of the race, here's the good news:

Despite priceless free media attention, Donald Trump has won just 34% of the overall votes so far. And we are only beginning to expose his history of scams (such as the alleged "Trump University" fraud) against working people, his use of illegal immigrants for profit, and his huge financial donations to the liberal Democrat politicians who have done so much harm to our country.

lie lie lie
The bad news is I do not have a billion dollar net worth built up from crony-capitalism and eminent domain abuse; I don't get free publicity from the media (almost all of them despise our conservative values); and I certainly don't have the backing of the Washington establishment.

lie lie
To spread my message as the only consistent conservative in this race with a plan to secure the border, utterly destroy ISIS, enact a job-creating Flat Tax, abolish the IRS and protect life, religious liberty and the entire U.S. Constitution, I am 100% reliant on your financial generosity.

lie
So, please, I urge you to RUSH one contribution to help me "Stand and Fight" all the way to the very end, no matter what.

The alternative is that you once again face a no-win choice in November, with New York liberal Hillary Clinton against New York liberal Donald Trump.

We cannot let this happen!

lie
For our Republican Party, for our conservative values, and for the country we love so dearly, Donald Trump's campaign has come to represent a total disaster.

lie
You know how high the stakes are, so I am trusting you to detach your "Stand and Fight" Reply form and mail it back to our campaign with the most generous contribution you can afford at this time.

Thank you in advance.

In the past several weeks, a number of fine candidates for President of the United States were forced to drop out of the race because of lack of funding and support. **But we are in the thick of a fight for the soul of the Republican Party.** You can ensure that the GOP – *our Party* – is the Party of real conservative principles by making your best contribution to Cruz for President today. I urge you to be generous and most importantly, to respond ASAP. Let's stand and fight together. Surrendering to the liberals is not an option. God bless you.

Former Cruz supporters in Wisconsin converting to Trump en masse, sick of "delegate tricks" - April 4, 2016 Connor Balough

I'M GETTING OFF "LYIN' TED'S" CRUZ SHIP AND BOARDING THE TRUMP TRAIN!
 After spending several months researching, and asking the Lord to reveal the truth to me about this election, when the revelations started coming, I really did not want to believe what I was uncovering. Ultimately, I had no choice but to admit I have been deceived—and so have many of you. Can you handle the truth? If so, read on.

THE NORTH AMERICAN UNION (NAU), TED CRUZ, AND HEIDI CRUZ AS THE ARCHITECT VIA HER LEADERSHIP IN THE CFR—WHAT DOES IT REALLY MEAN?

If you want to know the truth about how the globalist puppet masters are positioning Ted & Heidi Cruz for a diabolical plot to open our borders to Mexico and Canada, please watch these videos. If you think we have problems now with our economy, liberty, illegals, and terrorism, and other threats to our nation, imagine the ensuing chaos!

Heidi Cruz: First Lady of the North American Union? (Interview with Art Thompson, CEO, John Birch Society)

<http://youtu.be/NOx5WhDD75c>

Ted Cruz: First President of the North American Union?

<http://youtu.be/INhp9H3yCsI>

Former Speaker of the House Newt Gingrich tells Fox News' Bill O'Reilly at the 2016 GOP Convention in Detroit that the establishment is scared of Donald Trump because he "didn't belong to the secret society [aka Illuminati]" and wasn't involved in any of the 'initiation rites' associated with such groups." Yes, he actually said this. Here's the video:

<http://youtu.be/QO6QwySsm-M>

Keep in mind that "North America" does not refer to just the United States. North America includes the U.S., Mexico AND Canada. The North America Union (NAU) will strip us of our sovereignty! When Cruz talks about securing our borders, he is not referring to protecting the U.S. from our Mexican and Canadian borders, he is referring to the North American Union borders—around the perimeter of the newly formed union!

Trump was right about LYIN' TED!

If you watch these videos, do your own research, and STILL vote for Cruz, you are DECEIVED!

Please watch, watch again, watch again! In fact, keep these videos permanently and share with everyone you love. Our republic is in peril!

COMING SOON TO MY FACEBOOK PAGE (or maybe a blog that will also post here). Stay tuned!

EXPOSE ON:

1. Ted & Heidi Cruz and the Occult. You haven't heard anything yet!

2. Why the media doesn't want us to look at Heidi Cruz. "Leave the wives alone."
3. How God will use Donald Trump to save our nation (hint: the most annointed men in the Bible were once "bad boys.") #PrayForTrump
4. Cursed generations: Ted and Heidi Cruz and their Illuminati bloodlines. Both share bloodlines with Obama. (I have proof).
5. Will the real Rafael Cruz please stand up? Now sit down, you lying Castro shill serpent! You have cursed your generations, and now God will expose you.
6. Video Series on: Politics and the Occult—including what's really going on in Georgia. Why only a handful of our legislators will ever listen to us and what we are empowered to do about it.

"Seek and you shall find"

~ Matthew 7:7

"And you shall know the truth, and the truth shall set you free"

~ John 8:32

"Beware of false prophets, which come to you in sheep's clothing, but inwardly they are ravening wolves."

~ Matthew 7:15

For such men are false apostles, deceitful workmen, disguising themselves as apostles of Christ. And no wonder, for even Satan disguises himself as an angel of light. So it is no surprise if his servants, also, disguise themselves as servants of righteousness.

Their end will correspond to their deeds.

~ 2 Corinthians 11:13-15 (That's "Two Corinthians" in Trump Speak; do you really think God cares how Trump says it? Many who say it correctly will perish.)

Trump is fighting back, rallying his armies.

Delegates are being assigned in Missouri:

*****,

By now, hopefully you've heard about the importance of attending your Local Caucus on Saturday, April 9th.

Attending is a necessary step in delivering 37 delegates for Mr. Trump, and ensuring the will of the people is heard. We've had a number of questions regarding what should be done in preparation for these caucuses.

Here are the things you will need to do before Saturday:

1. PRE-REGISTER FOR YOUR LOCAL CAUCUS HERE

When registering, if you are interested in being a delegate, you should check the box at the bottom that says "I am interested in serving as a state or congressional delegate."

Make sure you are able to attend the Congressional District Conventions on April 30th and the State Convention May 20-21st.

(AFTER PRE-REGISTRATION DEADLINE PLEASE NOTIFY US YOU WILL BE ATTENDING AND SHOW UP SATURDAY AT LEAST ONE HOUR PRIOR TO THE START TIME TO REGISTER AT THE DOOR)

2. Reach out to your family, friends, and neighbors you know are Trump supporters. Any registered voter in Missouri can attend their Local Caucus in the county they are registered, and vote for delegates.

3. By state law, doors will lock at the posted start time. Most caucuses begin at 10:00am, but there are a few exceptions. FIND YOUR START TIME AND CAUCUS LOCATION HERE.

4. We are looking for more local organizers. If you are familiar with the process, and would like to be a leader at your caucus, please reach out to us. Email CJ Galdes at cjgaldes@donaldtrump.com.

As a registered voter, you have every right to participate in these caucuses. Above all else, we want to be respectful to those in charge and the system in place. Our main goal is making sure this is a fair process for all presidential candidates, so please keep that in mind. For any immediate questions, reach out to CJ Galdes at cjgaldes@donaldtrump.com.

We would also like to invite you to take part in another conference call TODAY, Monday, April 4th from 9:00-9:30pm CST.

As always, thank you for your support! We greatly appreciate your help in upholding the integrity of the system and the will of the voters.

Together, we will MAKE AMERICA GREAT AGAIN!

Corey Kiser says: Trump has 5-12 thousand at his rallies and Cruz has 3-5 hundred at his rallies, Cruz wins by a landslide? This is very bad when neither Trump or Cruz was more than 10 pts up at any given time in the election. 24 hrs ago all of the polls showed

Trump up by 10 pts. Tonight he lost by 20 pts. How is it mathematically possible to have a 30 pt swing in less than 24 hrs? It's called voter fraud. Machines should be outlawed, they are too easy to manipulate. Everyone should go back to hand ballots. The GOP Establishment is on thin ice with its base. It is not good if they arrange a Brokered Convention, They would have purposely split the party and hand the Presidency to Hillary.

Voter Fraud Alert: WI Voters, DO NOT CHECK THIS BOX!

<http://www.thepoliticalinsider.com/voter-fraud-alert-wi-voters-not-check-box/#ixzz4532Db7hc>

Voters are heading to the polls today in Wisconsin, and 42 delegates are up for grabs as conservative businessman Donald J. Trump, Senator Ted Cruz (R-TX), and Ohio Governor John Kasich battle it out.

Wisconsin is an open primary, which favors Donald Trump, who has a unique ability attracts voters who don't typically vote for Republicans. However, voters this morning have noticed a very strange box on the ballot which is labeled "uninstructed delegation."

What it means is – A voter who checks it doesn't want a delegate assigned to any of the candidates. Those decisions will be left to the Wisconsin Republican Party, which is staunchly pro-Cruz. This option was added to the ballot to give the establishment one more opportunity to stop Trump.

And with polling showing a lead for Trump, what would happen if someone just happens to check that box after the fact? This could be sinister...

<http://www.thepoliticalinsider.com/voter-fraud-alert-wi-voters-not-check-box/#ixzz4538SxjAr>

Please read this. Ted Cruz has signed off on several bills that allow Saudi Arabia to buy large chunks of America. This is lying Ted Cruz. Ted has approved of Saudi Arabia buying our Shell oil company. So now Saudi Arabia will resale our own oil to us at much higher prices. Ted also approved of legislation that allowed Saudi Arabia to buy large

chunks of land in Colorado that control the water that flows into Calif. Saudi Arabia will now control the amount of water Calif. farmers get to grow their crops. Saudi Arabia is now going to control the amount of money that Calif. residents will pay for their drinking water as well. Ted Cruz also allowed Saudi Arabia to buy many dairy farms so now they control the price of our milk and yogurt and cheese. The only man that can stop this is Trump. Trump is the man we must put in the white house to save America. Cruz and Bush and Kasich and Hillary and Bernie and Obama and Paul Ryan and Rubio and Romney are all on the very same agenda.

Just the math:

Less than half of the state of Wisconsin supported Ted Cruz, 48% and Donald Trump won twice as many counties as Cruz.

It is almost mathematically impossible for Ted Cruz To win the nomination.

Going into last night the Delegate race was:

Donald Trump 752 delegates

Ted Cruz 469 delegates

Trump ahead by 283 delegates

Last night Team Cruz won 36 and Team Trump won 6. So, after last night:

Donald Trump 758 delegates

Ted Cruz 505 delegates

Trump ahead by 253 delegates

There are 769 Delegates remaining in the upcoming primary states. In order to get to the magic number of 1237:

Donald Trump needs 479 to clinch. (758 current + 479 need = 1237 goal)

Ted Cruz needs 732 to clinch. (505 current + 732 need = 1237 goal).

the election here last night. For each of the 527,000 votes Cruz received, he and his big-money accomplices spent \$6.50. In contrast, Donald Trump, who received 383,000 votes, spent just \$512,000, or \$1.33 a vote. Apparently, being outspent more than 5-to-1 made the difference in the Badger state. For his efforts, and for all that money spent, Cruz pulled out a crucial win in his goal — not to win against Trump, but to keep Trump from winning. You see, Cruz is playing to make sure everyone loses.

April 05, 2016 BREAKING: THE DC MADAM PHONE RECORDS HAVE LEAKED ONLINE

<http://www.conservativeoutfitters.com/blogs/news/96018113-breaking-dc-madam-phone-records-leaked-online>

THE RED DRAGON • 19 hours ago

1. Cruz hasn't sued - for a Supreme court lawyer who brags how good he is - very odd
2. Cruz's email showed up in the Ashley Madison hack last year but was overshadowed by Josh Dugger
3. Washington Columnist said he could confirm 2 of the women.
4. Robert Morrow is on vid saying a prominent Texas republican who runs on Christian values was running hookers up to the Omni Hotel late at night (Same hotel Cruz recently held a fundraiser)
5. Amanda Carpenter (alleged mistress) deleted several tweets about Cruz - calling him cute - they got matching fake tattoos the same day and she's seen wearing his jacket - she also deleted a pic which is still on her instagram that shows her sitting seductively on a bed with no wedding ring on and condoms beside her in a hotel in DC.
6. National Enquirer has broken several scandals - when it comes to celebs they have a very good track record, and always let the info drip drip out - John Edwards, Tiger Woods, Charlie Sheen, Gary Hart, Jessie Jackson etc.
7. Why was Cruz's wife found suicidal on the side of a road by the police in Texas around the time period this all took place?

8. Rumors have been circulating for a long time and it was originally referred to as #TheThing which you can find tweets dating back a long time ago - not by Trump

9. DC Madam Black Book was said to have a sitting senator on the list - lawyer now says it's relevant to the 2016 election - - you honestly think its Bernie Sanders??

10. How many people have we seen run on family values and they end up being the ones with very lil values? Cruz comes off as a cars salesman and people who know him claim he's not that religious when he's not on the campaign trail - his tax returns show he gave less than 1% to charity. College roommates say he's a nasty guy.

11. Why did Cruz give Carly's Superpac \$500K? One of the alleged mistresses works for Carly...

12: Daily Mail reporters directly asked Cruz if he had been unfaithful - he dodged the question & started attacking trump. All of his denials have sounded lawyer esq (It's garbage etc) Former CIA agent who specializes in deception says Cruz acts deceptive when answering questions about this scandal. It took him 9 days to finally say last night he had been faithful - but he looked down & to the right when answering which is classic of someone lying. Radar has named private investigators who will be named this week in National Enquirer and you can look them up - they have well known histories & are respected investigators.

13. People think Cruz only went to Washington recently because he claims to be an outsider - but he's been embedded deep within Washington since the mid 90's. And the DC Madam records date back to the mid-90's

I personally could care less if he slept with a hooker, except for the fact he runs on a holier than tho platform. I think what's far worse is his Bush ties - he & Heidi brag about being the first Bush marriage. Heidi works for Goldman Sachs - wrote North American Trade papers & worked with the CFR (All American Nightmares) - Cruz worked for George W. Hired Convicted Criminal Neil Bush - Hired Jeb's Finance team - Met with Jeb privately - got Jeb's endorsement. A vote for Cruz is a vote for Bush & a continuation of his policies. Why this scandal might matter is they can blackmail him and get him to do whatever they want. Which is how politics work in DC. This scandal isn't going away - the NE is gonna keep dripping info until it's all out. People like Roger Stone say theres a lot more to come - and he's been in this business too long and has a very good history of knowing what's going on...

Not to mention he doesn't seem to have any original ideas. He just repeats whatever polls suggest. He was for bringing migrants in before he was against. He was handing out Teddy Bears to illegals before he heard Trumps numbers went up and decided he too wanted to build a wall.

Every word that comes out of his mouth sounds like a TV evangelist and sounds so disingenuous. Something def not right about the guy.

Lying Ted Cruz is really a disgusting human being.. How anyone can support this man is astonishing. Here he is making lie after lie on Donald Trump without the opportunity to fillerbuster like he does on television. #bustTED #CruzSexScandal #DonaldTrump2016 #OnlyTrump

"All Of A Sudden....Seven Short Years Have Passed!"

Before Obama there was virtually no outlandish presence of Islam in America.

- All of a sudden, Islam is taught in schools. Christianity and the bible are banned in schools.
- All of a sudden we must allow prayer rugs everywhere and allow for Islamic prayer in schools, airports and businesses.
- All of a sudden we must stop serving pork in prisons.
- All of a sudden we are inundated with law suits by Muslims who are offended by American culture.
- All of a sudden we must allow burkas to be worn everywhere even though you have no idea who or what is covered up under them.
- All of a sudden Muslims are suing employers and refusing to do their jobs if they personally deem it conflicts with Sharia Law.
- All of a sudden the Attorney General of the United States vows to prosecute anyone who engages in "anti-Muslim speech".
- All of a sudden, Jihadists who engage in terrorism and openly admit they acted in the name of Islam and ISIS, are emphatically declared they are NOT Islamic by our leaders and/or their actions are determined NOT to be terrorism, but other nebulous terms like 'workplace violence.'
- All of a sudden, it becomes Policy that Secular Middle East dictators that were benign or friendly to the West, must be replaced by Islamists and the Muslim Brotherhood.

- All of a sudden our troops are withdrawn from Iraq and the middle east, giving rise to ISIS.
- All of a sudden, America has reduced its nuclear stockpiles to 1950 levels, as Obama's stated goal of a nuke-free America by the time he leaves office continues uninterrupted.
- All of a sudden, a deal with Iran must be made at any cost, with a pathway to nuclear weapons and HUNDREDS of BILLIONS of dollars handed over to fund their programs.
- All of a sudden America APOLOGIZES to Muslim states and sponsors of terror worldwide for acts of aggression, war and sabotage THEY perpetrate against our soldiers.
- All of a sudden, the American Navy is diminished to 1917 Pre-World War I levels of only 300 ships. The Army is at pre-1940 levels. The Air Force scraps 500 planes and planned to retire the use of the A-10 Thunderbolt close air support fighter. A further draw down of another 40,000 military personnel is in progress.
- All of a sudden half of our aircraft carriers are recalled for maintenance by Obama rendering the Atlantic unguarded, NONE are in the Middle East.
- All of a sudden Obama has to empty Guantanamo Bay of captured Jihadists and let them loose in Jihad-friendly Islamic states. He demands to close the facility.
- All of a sudden America will negotiate with terrorists and trade FIVE Taliban commanders for a deserter and Jihad sympathizer.
- All of a sudden there is no money for American poor, disabled veterans, jobless Americans, hungry Americans, or displaced Americans but there is endless money for Obama's "Syrian refugee" resettlement programs.
- All of sudden there is an ammunition shortage in the USA.
- All of a sudden, the most important thing for Obama to do after a mass shooting by two Jihadists, is to disarm American Citizens.
- * All of a sudden, the President of the United States cannot attend the Christian Funerals of a Supreme Court Justice and a former First Lady because of previous (seemingly unimportant) commitments.
- * All of a sudden, our allies in Belgium lose 31 citizens with 100's more injured and Obama goes to a baseball game and does the Wave.

*All of a sudden, we are two plus years into ISIS and we still do not have a strategy or a plan for defeating them.

*All of a sudden, we are more threatened than ever before in our history and Obama is off on his farewell tour of the world.

... "By his fruits you will know him."

All of a sudden, I am sick to my stomach.

You shall know them by their fruits: - Diamond And Silk

As the Bush-era brochure aimed at helping illegals learn about the program noted, even if an illegal is arrested and/or deported their bank accounts are safe from confiscation. "The money still belongs to you and can easily be accessed at an ATM in Mexico using your debit card," the brochure insisted.

Big fucking surprise that JW had his dirty hands in that.

And now there are low information Cruz voters, not understanding that Ted Cruz is the insiders insider in that establishment bunch or traitors.

Bush by another name, Cruz puts the NO! in RINO. Inform yourself.

Clearly, "Conservative Cruz" is a fabrication, a completely fake persona, created to fool low information voters and steal delegates:

- ♦ Worked for George W. Bush.
- ♦ Was John Boehner's attorney.
- ♦ Married a Bush alum.
- ♦ Wife connected to Council of Foreign Relations and Goldman Sachs.
- ♦ Was Vice-Chair of NRSC when Thad Cochran re-elected
- ♦ Ran for Senate with sketchy financials.
- ♦ Refuses to release his campaign loan information to FEC.
- ♦ Hired Neil Bush.
- ♦ Hired entire Bush financial team.
- ♦ Played strategic hide/cover with TPA/TPP.
- ♦ Supported the unconstitutional Corker/Cardin amendment.
- ♦ Hired Phil Gramm as an advisor.
- ♦ Holds a political PAC of campaign donors that looks like this: (Goldman Sachs, Club For Growth, etc, etc....)
- ♦ In the 2014 Senate Race, Cruz was co-chair of the Senate "Conservative" Fund, which funded ads against Conservative candidates.
- ♦ Got low interest loans from Goldman Sachs
- ♦ Endorsed by Jeb Bush

Tell me that Cruz is not a trojan, sailing under a False Flag!

Cruz is totally and utterly fake. Lyin' Ted should be sailing under a globalist Canadian flag with a big "SOLD" sign on his forehead.

RNC Chmn Reince Priebus was overheard by Vet DJ Lewis in WI, ordering the rigging of the GOP's voting machines in the New York primary to assure that Donald Trump doesn't reach the critical 50% threshold. Lewis said he was 5 feet from Priebus when he recorded the conversation which included the chmn stating "Trump will never be on our Ticket." The ms media refuses to run the story. "I've already tried 8 different places. I even taped his conversation and they tell me that is illegal" wrote Lewis.

RUSH COMES TO TRUMP'S DEFENSE WITH 1 BRUTAL QUESTION THAT LEAVES GOP SPEECHLESS

<http://reagancoalition.com/articles/2016/rush-comes-to-trumps-defense-with-1-brutal-question-that-leaves-gop-speechless.html>

Michelle Wiles – one of the Palmetto State's most influential conservative activists – is leaving the South Carolina leadership team of Ted Cruz and joining the campaign of Donald Trump, sources close to both campaigns told us this week.

The Upstate social conservative – widely known and respected in evangelical circles – had been one of Cruz's most articulate, well-connected South Carolina supporters.

Now her support will go to "The Donald."

If this scenario sounds familiar, it should ...

This isn't the first time an influential female Cruz supporter has gone over to Trump's team ... and it may not be the last.

Wiles, who hails from Pickens County, S.C., is best known for her aggressive opposition to a controversial refugee resettlement program which has been supported by S.C. governor Nikki Haley (an ardent Trump critic). In fact Wiles filed a cease-and-desist motion last year seeking to block the U.S. State Department from implementing the program – which Haley's administration has funded with state tax dollars against the expressed will of the S.C. General Assembly.

Wiles cited the immigration issue as one of her reasons for choosing Trump.

"For months I have been leading the fight on the refugee resettlement issue here in South Carolina – and as much as I respect Senator Cruz's positions on immigration and a host of other issues, I believe Donald Trump will be a far better advocate for securing our borders and putting a stop to immigration policies that endanger our families and our future solvency," Wiles said in a statement.

Trump is well ahead with those making \$25K and above.

Trump is well ahead with voters who are Catholic or some version of Protestant

Cruz is ahead of Trump with 18 to 29 year olds

Cruz is ahead of Trump for those making less than \$25K

Cruz is ahead of Trump with those who are Muslim, Mormon, or other Religion

I know

<http://edition.cnn.com/2015/07/31/politics/trump-mob-mafia/index.html>

I know - allegations - not proven - probably some ties - difficult to see how you can get so rich - doesn't mean his hands are dirty in anything - taxing system in and of itself is gangster-Marxism - spreading wealth, making things unfair - not unlikely everyone from top to bottom works to reduce those expenditures legally or not - all these months and Trump has not been charged with any crimes. Cruz sex allegations - more evidence of that at this point.

<http://www.cbsnews.com/news/the-donald-sued-again/>

I know - details aren't clear (to me) - Candidates and corporations often get sued - what was the result? Did he make a mistake? What did Cruz do? Take gambles. Don't know where he stood in the cross hairs or who the players were.

Could be true, could not be. You're missing the point. My point is to shed light that TED CRUZ IS NOT BY ANY MEASUREMENT ABLE TO BE PRESIDENT OF THE UNITED STATES CONSTITUTIONALLY! I don't think there is a Trump supporter who doesn't know these accusations and some shady dealings with Trump. I know that he has donated more to the Demorat party (the Communist Party) more than anyone else. The question is, who do you believe more? Trump or Cruz? NO MATTER HOW MUCH YOU SLICE THE CAKE, CRUZ CANNOT LEGALLY BE PRESIDENT. NONE OF THE CANDIDATES (Including Reagan) were Constitutional Conservatives. I recently saw a vid that explains the Trump movement. People don't care that you are a 'conservative'. What are you trying to conserve? The constitution or the old buddy system? Cruz is an established guy (connected guy; a.k.a. mafia man too), and has no conservative credentials, no business credentials, he reads a child's fairy tale during a fake filibuster - at least he could have read some law or something.

<https://youtu.be/KHAHKGP1oyc>

The first thing he said is that he hasn't given it much thought and he doesn't know. Doesn't matter, as president, it's not in his job description. Do you see anywhere in the

Constitution that tells the president that he has the obligation and authority to address the issue?

He can have an opinion, but will he make it policy to support or deny an issue that is not under his umbrella of his job description, is the question. Again, none of the candidates are constitutional Conservatives – who will bring us closer to the point of solvency and the original foundation of the constitution are the questions! Cruz is incompetent. It is a good label 'lyin' Ted, he has accomplished nothing and his rhetoric and words don't match. Can someone evolve? Yes. Cruz will be liable to all of his donors – just yesterday he announced that 'you'd have to be a fool to not consider Rubio to be your V.P.' – even though Rubio is not qualified Constitutionally to be president.

The Trump Tapes: Vol. 1

<https://youtu.be/rcUCLwWCihE>

I know. It's troubling. Though, Trump is a businessman. He knows how to work with his clients – you and me – and what they expect. Reagan was a democrat too, and by the way, I am very angry at Reagan. I compare it to this designer who has this great plan for a really cool car, but the car is only partially built. Well, guess what? The car is still a crappy car because it's still useless. Reagan gave us Obama. I'm reading a book about Putin right now too. Major gangster-style corruption. The guy came from poverty to more than 40b euros – all of his friends too. Trump is campaigning on his own money and has lost a lot of deals in doing what he is doing. Read the article: If Trump is so awful why are his kids so awesome.

Donald Trump puts profit before people's homes and livelihoods

<https://youtu.be/bIdLTRmNCNA>

This specific video is new to me, though knowing the level of his income and dealings, I can easily believe these things.

In summary, Ted Cruz IS NOT BY ANY MEASUREMENT OF CONSTITUTIONAL LAW legal to be president. Trump certainly has things he's done in his past – huge things – that are troubling. In that vid there are many who liked the work / project and many who don't. I will never be able afford his estates.

However, Cruz, Rubio, Ryan, Fiorini, and the other many donors can be accused of the same thing. Do you believe that Trump can make America Great Again, and do you believe he will? Do you believe that he has learned from his mistakes? Does he recognize them? Certainly there will be disgruntled people in such dealings, but Cruz and his many supporters can be, and are accused of doing the same things.

I believe Trump is the most qualified and has American interests in heart.

Or, do you believe Cruz? What is quite clear, is the vulgarity of the man: **"Let me be clear: Donald Trump may be a rat, but I have no desire to copulate with him."** And the vulgarity of the masses of so-called 'Christians' who march to his toon.

So, the bottom line is you must pick your poison and hope it doesn't kill. Trump supporters most often argue that Trump is qualified. But that is like saying the spot on your shirt really isn't that bad when the whole damn shirt is rotten.

It is not the government's job to do health care. The whole constitution has been shredded.

Donald Trump's Most Idiotic Moments

It isn't idiotic at all. He is smart and he's talking correctly. He's not a racist or all the other bad things they're saying. The things that Trump says in the video are all not only true that he said it, but it is all true about what he says.

Trump predicted Bin Laden and other world events years before other the 'pundits'. I have proof that Obama is not a legal president – and nobody cares.
