

[In Reference to Tucker and Turley and their love for the Hungarian despot Viktor Orbán:](#)

Goebbels would be proud of these buffoons!! In Reference to Tucker (Carlson) the Sucker and dr. Turley the Turdbrain:

You guys have got to be amongst the most dangerous propagandists against USA Constitutional Conservatism, as well as against the People of Hungary that this world has ever seen! Viktor Orbán, Hungary's Great Leader Despot, is the antithesis of the principles of USA constitutionalism. Tucker, you actually voted for Biden, though I do know your game and understand how you still manage to get your rocks off by exposing his so many shortfalls.

Oh yes you did! When you criticized Sidney Powell and others by implying that she had no proof of voter fraud; you in fact stated that you were not going to let that go unchallenged, yet never posed the directives for smart journalism's ethical standards to prevail—the voter fraud was unequivocally large for U.S. politics. Trump WON and you voted him down. There was plenty of proof then and there is plenty of proof now (ref: [Absolute Proof](#); and [Absolute Interference](#)). Why did you do it? To continue the games of *Cat and Mouse*, of *Lies and Drama*, of *Cops and Robbers* and of *Journalism*!

Ok, without calling you a bunch of derogatory names, all of which I could invoke and would certainly be warranted and accurate, let me just get into the absurd notions ascertained by Sucker Tucker and Viktor Orbán.

1. Video: [Hungarian prime minister hits back at Biden calling him a 'thug' on 'Tucker'](#)

On Fox News Suckerprick introduces his monologue with, "...of the nearly 200 different countries on the face of the Earth, precisely 1 of them has an elected leader who publically identifies as a western-style conservative. His name is Viktor Orbán, he's the prime minster of Hungary..."

Wow, that's quite a lofty commitment of a statement to make! I understand that your fee was 30,000 dollars; does that have to do with any of it? By the way, your fee was paid by Hungarian taxpayers, me included! Did you even as much call me to thank me for allowing you to steal my hard earned cash? Perhaps with a campaign agenda—and we can see from the blogging that many people consciously and piously follow that narrative. That statement implies that it is Dr. King O1G Koronaviktátorus alone, in the entire world, who is the only one who holds up that beacon of light of Americanism—But NOTHING COULD BE FURTHER FROM THE TRUTH. I've seen a lot of sociopaths and psychopaths in my days and they all have the ability to conjure up fake news without even a smidgen of a smirk—like you, TuckerPucker!

Viktor Orbán is the antithesis of USA Constitutionalism. Everything from term limits, to free market principles, to education, to self-reliance, to gun rights—TO BORDER CONTROL. Dr. Orbán has centralized the whole goddamn system of governance. In 2015, nearly 10,000 immigrants—MOSTLY MUSLIMS—came through the Hungarian border every single day in the spring and summer! EVERY SINGLE DAY! ([With Open Gates The Forced Collective Suicide of European Nations](#)).

There are 5-7 or so countries and a sea or ocean that these migrants have to go through before they get to Hungary (20 hr 25 min [2,033.5 km] via A1—that's 405 hours to walk, 16 days). Of course they had an ocean border that they had to wait at, but they also had help...but still. Lots of time for the

emigrants to think, and lots of time for Europe to think, and lots of time for Orbán to think—check out the video link above!! Dr. Viktátorus must either be the most shortsighted captain of his ship—for one, I knew about the vulnerabilities years earlier, or he must have an agenda. Hey SuckerFucker, you're supposed to lock the enemy outside the house, not inside! Do you think that all of those kind no-do-gooders left? NO! Come and visit me here in Hungary and I'll show you Muslims all over the fucken place!!

Hungary's population has been in decline with the rise of immigration for decades. It's on record! [Population - Realtime Clock Rate - World - Country by Country: Hungary](#). Hungary will become a Muslim country based on Viktor Orbán's Nazi policies alone!

Next, about Fascism! FASCISM IS A FAR LEFT WING PHENOMENON—DIMWIT! Damn, I can show you tons and tons of evidence for that—the evidence is so overwhelmingly simple to disclose, so I implore you to find it yourself: [What is America's True Form of Government?](#)! One of my flyers, [Fascism in Hungary](#), introduces this basic fact. It's in the name: National Socialism!

One of my students and I kept arguing—still do, about it. No matter how much evidence I show him, he still believes that [Snow is Black](#)! I kept challenging him to show me his evidence (What I showed, was not my evidence, just the evidence!) and so, finally after over a year, he showed me the following picture, which is a complete mess and peculiarly and extremely different than what he had been explaining to me all along; but it's sure that he would not be able to explain it without the paper—or even with the paper!

You also say that Viktátorus doesn't have any connections to banks. You must be as **MORALLY OBTUSE** as Epstein, you being the most superficial investigative journalist of all times—or a paid hired hand, a paid actor, a conman of a particular sort. Even MSLSD couldn't do worse than you! Have you EVER, EVER heard of the foreign loan fraud? It was instigated by Fidesz and MSZMP. Yea, some say that it was MSZMP, but that's a lie. Some say that parliament isn't a part of the government too! Do you believe that Suckerburger?

You do know that the government and the banks make unilateral deals constantly. Regarding the foreign bank loan frauds, hundreds of thousands of illegal mortgage loan frauds were dished out—and then the trap was set. However, because this burdensome fraud became even too extreme for the banks and government to consciously ignore—it was too successfully extreme, that is—the banks and the government—without the clients who the loans affect—unilaterally toned down the scam just a bit, but only a bit—and the people not involved were pampered and appeased—what the hell, not their money anyhow.

Even still, the burden that remained extreme after their unilateral non-negotiable deal to homeowners, that homeowners had no say in, prevailed; this was an admission of wrongdoing and a scandalous betrayal of trust between the citizenry fools who fell for the bad deals, the bank fools who knowingly and punitively knew what they were doing, but who also knew that the government's leading party fools (MSZP and Fidesz) and judges and lawyers would wash their blood-money hands with nothing but champagne. The bank and government collusions: Fidesz, MSZP, parliament, KDNP (the so-called Christian party), run deep—the judiciary dignitaries and the terms of the deceptions were never annulled and voided—but should have been automatically.

Hundreds of thousands of Hungarians lost their livelihoods: homes, businesses, and automobiles, because they signed up for this fraudulent piece of a supposed-contract—piece of shit of a deal, that the government recognizes to be fraudulent, just based on their interference with an agreement without any say from any homeowner. So much for the supporting the family narrative; we'll touch more on that a little later. Of those people affected there have been thousands of suicides, thousands who have emigrated to never return, and thousands of others who got divorced, lost their livelihoods and homes!

I've even had financial students stuck in this rut, so everyone was fooled. I estimate that well more than 30 bank brands are involved in this scam.

Christians, my ass! You call Hungary a Christian nation? What kind of thievery does a man have to commit before you suggest that he may be excluded from that doctrine—maybe this guy Orbán 'aint a Christian. Well hell, when Hitler was running for popularity, a lot of Catholic priests and others supported his notions too. And the scams just continue to this day.

People are desperate and the banks take ZERO risk based on what they can do to you if you don't pay. Based on the fraudulent contracts and the ill-will of the legal system, they'll sell your wife to Muslim men for an extra dollar! Everything—EVERYTHING is in their favor, but you need a place to stay, so what to do? Hungary has subsequently been labeled [HUNGARY, LAND of EVICTIONS - Oct 2, 2019](#). This was a European event that mostly affected unwitting former Eastern bloc Soviet Countries.

Here's my personal story (go to the bottom of the page—English and Hungarian versions): [A devizahitel szerződésekről és az elszámolásról](#).

Hungary is also a land where emigration is rampant—Hungarians want to escape due to political unrest and daily changes to the constitution, to laws and and regulations galore, not to mention that the immigration—including Muslim immigration, is plenty strong as well. Muslims are at the park by my house every weekend if the weather is good.

People, however, vote themselves into slavery, so who's to blame? Which came first? The chicken or the egg? The politicians or the ignoramuses who voted for them? Just today I saw hordes of Muslims by a nearby bridge, Margit Híd, and other places.

Oh yea, in World War I Hungary wanted to start a world war because some Archduke Ferdinand of Austria, who Hungarians gave a rat's ass for (during the Austrian-Hungarian Dual Monarchy), was assassinated—Hungarians are thirsty for conflict. Well, they lost that war and lost 2/3 of their land. So, Hitler comes along and promises their land back and the Hungarians wholeheartedly joined up—it's on video and hard to dispute the joy Hungarians had in the matter, though plenty of Hungarians try.

Well, that didn't work out so well, so they voted for Viktor Orbán, who promised to give citizenship rights to all those Hungarians living outside of Hungary in the former Trianon areas, as well as in South American countries—full citizenship rights and voting rights, most of who never gave a rat's ass about Hungary in the past and had never been here or who have never contributed to anything resembling a Hungarian matter in the country. So, Viktátorus feeds them some pie and they vote for him—a simple math of power. The number of extra voters this has created is staggering and is similar to the DemonRats in America keeping the borders open and producing voters—but then again, the Republicans put up a stink in public but in private sit on their laurels.

Same shit, different country. One of my flyers has a picture of Hungary, counties and main cities, along with most of the main political parties here and 35 bank logos, and **ELADVA** over the top. Eladva means **SOLD (OUT)**—Hungary has been sold out to these nincompoops.

King Doctor Viktátorus' overall wealth has been estimated to be about 2 trillion forints—2 TRILLION FORINTS (This was a few years back—this year and this date is the end of August, 2021.)! A list of his real-estate? Well, I haven't verified it, but if you follow the Hungarian trends, you can certainly believe it. Go ahead, Research the Man and his system—I dare you, and tell me which part isn't true!:

Because I've seen so much corruption in Hungary, I've started producing and distributing flyers that are available online. Most of them are in Hungarian, with some element of English: [Flyer Folder](#).

I could enter a much longer list and provide far more detail to SuckerFucker's asinine take, but this is enough time for me to spend on this Idiocracy. Thank you for re-examining the evidence!

Sucker's and Turley's voices are most dangerous indeed. Turley deletes my blogs (which are usually more academically written than this piece) and Tucker's vids don't allow comments. Only commies, Nazis, Muslims, and parents protecting their children from bullying frown on discourse. It is only they who burn books, people, and disdain free thought!! Turley has Orbán's picture in the background of his office as an example for conservative values?—pathetic! He doesn't even know the representation!!

I never even got into the absurd Hungarian corona virus lockdowns, but I've documented the relevance of it here: [The Corona Virus Scam!](#)

Oh yea, FuckerTucker, Master of Research, I almost forgot about this article dated Aug. 10, 2020. Do you see any irony in this article at all? The title is [Hungary Working Around the Clock to Stop 'Mexican' Style Illegal Migrant Tunnels Under Border Fence](#). If you can measure the distance from the fence to the hole and then again the width of the whole with a half yard stick, IT'S NOT A MEXICAN STYLE ILLEGAL MIGRANT TUNNEL, it's a ferret's burrow!

About the family programs: the Year of the Family, Csok, Erzsébet, Gyes, Gyed, Iksz, Tao, Szécseny 2020, free college, a mandatory 50 hours of community service for high schoolers, are the ones I can recall at this time. All of them are affirmative action programs, which are anti-good economics, but are due to the malfeasance of a government gone awry. They do, in fact, emulate the Nazis [Volksgemeinschaft](#) and the Soviet [The Motherland Calls](#). In summary, you, Tucker, and you, dr. Turd, are the antithesis of what it means to be American and you both should be fired!!

And as for the media, there are plenty of ways to control the media—hell, FOX News, of all, can attest to that because it has been taken over by Marxist zealots years ago. Constitutional conservatives they are not. So, without spending a lot of time with this topic, I turn to the Hungarian Spectrum; although I too don't agree with some of their fundamental assessments, they are a good source for finding anti-Orbán rhetoric and information. Easy to do your research, Mr. Research Man, Tucker:

[**FREE EUROPE'S REVELATIONS ABOUT THE GOVERNMENT-CONTROLLED NEWS ON HUNGARIAN PUBLIC TELEVISION**](#) (Government controlled media and higher education government expenditures)

[**HOW TO DISTORT NEWS: ONE CAN ALWAYS TURN TO THE ORBÁN GOVERNMENT FOR ADVICE**](#)

[**THE TAKEOVER OF INDEX AND THE STATE OF MEDIA FREEDOM IN HUNGARY**](#)

Fucken shit! Never seen such B.S. Your other spot-lit speech regarding Hungary seems like you took an hour on the plane scribbling it up in between swigs of Whiskey because it just seems so disjointed and without merit.

Oh yea, there's one more itsy-bitsy thing I'd like to discuss with you, but I'll do my best to make it short!

The Chinese-Hungarian connection has never been better or worse than ever, depending on which side you're on! Let's not pussy-foot around the bush and make that statement unambiguous: the Hungarian-COMMUNIST China connection has never been stronger. I edited a paper for a politician ('cause that's my job) to explain such! The Silk Road, the Chinese Bank, the Chinese School, etc. being built in Hungary—it's not all an accident!! And who's paying for this crap? Get your head out of your ass, Tucker Sucker!

The Russian—Hungarian connection has never been stronger! Putyin comes and visits Hungarian oligarchs ever so often—in fact, regularly. The same Russians years ago Orbán the Dictator, Viktorus who said that he would never deal with the Soviets! The debt Orbán has incurred from the New Age Deals: the Paks nuclear waste program, and so much else—the Russian bank with an English name that many people don't even know about. The Paks deal, building a nuclear power plant, you know the guys who built Chernobyl? Putyin has threatened Hungary on occasion, like the maffia, about any intent on a decline to pay up—we'd regret it, he says! The deal is too huge to ever pay back! Russia is still the COMMUNIST SOVIET UNION, just a different shape!

The Turkish—Hungarian connection has never been stronger! You know, Erdogan, the guy who threatens to flood Europe with Muslims if Europe doesn't pay him for protection money! Also known as maffia-style bribe money! Hungary has weapons deals and other deals with them! Building shit together. I don't remember all of the details—look them up yourself! Turkey is a MUSLIM COUNTRY!

The Saudi Arabian—Hungarian connection has never been stronger! The Hungarian bank EXIM gives the Saudis loans! Hungary gives Saudi loans? YEA! It's also bribe money to keep the Muslim trickle low! Just lower if we make the bribe deals!!

Hungary, though, you must remember, is an illiberal democracy, according to Viktorus; that means that we are an empty democracy (Look up [illiberal democracy](#) yourself, dimwit!) without representation—and Viktorus does it so—he pisses on us every single day!! Some do like it—in fact, many do like it, though!! When you haven't had sex in so long—'cause Hungarians are so fucken stressed and fucked up to take time to enjoy such a thing regularly, their next best thing is to get pissed on!!

The European Union—Hungarian connection has never been stronger! The European Union feeds the Hungarian oligarchs year after year, month after month! And the money lost could pay for a fucken space ship far more advanced than any American space craft! In Hungarian we say, „Valami nem stimmel” (“Something doesn't add up.”).

The George Soros—Hungarian connection has never been stronger!! The marketing is that they hate each other! Soros has, however, in the past paid Fidesz millions of dollars. In fact, both Viktorus Orbán and Ferenc Gyurcsány went to Soros' School of Hard Knocks, under the watchful eye of

George himself. The hate Soros campaign cost Hungarians 100s of billions of forints. I could have done the same thing with 500 000 forints or even less. In Hungarian we say, „Valami nem stimmel” (“Something doesn’t add up.”). Soros loves the global warming propaganda; Orbánistán loves the global warming propaganda. Soros loves all the corona virus propaganda and proposals; Viktatorus loves everything corona! The list of comparibles and similarities is just so—too huge to ignore!! Do your research like you’re supposed to, you fucked up piece of shit!

Tucker and Turley, you guys are amongst the most disingenuous pieces of crap that I can’t begin to even describe you with words!!
