

It makes me bloody angry to see Orbán Viktor (Viktor Orbán in English) to talk at a supposed-conservative meeting in the USA. When I ask the question, “What is he conserving?” This conversation will come to an abrupt halt. Orbán isn’t condemning the genocide the Putin regime is carrying out, but promoting Putin’s kleptocracy. Is Orbán conserving Christian values? A resounding NO, he isn’t! Is he conserving the Hungarian culture? No? Is he conserving Hungarian taxpayers’ coffers? NO! What he is conserving is communism and Nazism, which are both left-wing ideologies. I have a lot of my rhetoric in Hungarian and it would be too much work to now organize something similar in English. Chances are that if you believe Viktor Orbán – and even Trump are somehow conservative there isn’t much hope that I will be able to help you open your eyes anytime soon. I was an avid Trump supporter – even though I knew he wasn’t a constitutionalist from the beginning, however, I don’t support him now! Did he finish the fence? NO. He said that he only had 2-3 weeks left – well, then why didn’t he add manpower? That was a political decision. He raised the national debt far past his own limit of no return. Sure, he quelled the wars, but he allowed Islam to rise again. Hospital – still centralized. Schools – still centralized. First thing he did was lie and say that the Clinton-to-jail rhetoric was just political speech. I don’t trust the man, though I still might vote for him. That said, Orbán is the opposite of Trump. Perhaps Trump was naive, but there is no question that Orbán is simply evil. Let me just leave you with one piece of the puzzle. Do you know that Orbán is worth about 25 trillion forints – probably more now. Just because they say it so (that he’s a conservative and a Christian) doesn’t make it so. Yes, I would consider myself as somewhat of an expert. Support Ukraine!! And learn from the mistakes of history!! Trump allowed Russia to keep the Crimea – big, big mistake.
