

This list has been compiled for my skeptics and critics. The information I provide herein has never been challenged – not once. But if you can find an error, I will eat soap to wash my mouth out. I have been studying and teaching the truth of Islam since 2001. I'm not sure I am an expert, but I am well informed, and in fact, so much so that I declare herein that I am not giving my opinion, but rather disseminating facts only.

I am a communications instructor here in Hungary, but am USA born. One of the subjects I teach is the truth about Islam and the life of a Muslim. Go ahead and argue facts with me; I'll listen, but only after you follow and learn the content and context of each link below. The following information is from a variety of sources and experts. Go ahead, and prove me wrong, but if you call me an idiot or something of the sort, I'll ream you a new as**ole with my direct and unyielding spoken assertions!

Please click on the titles and it'll take you to the article or video.

[Why Islam is Not a Religion](#)

[Islam has been outlawed in the United States since the United States' inception! - Islam Has No Right to Build Mosques, Spread Islam, or Institute Sharia Law In America – Islam is incompatible with U.S.A. Constitutional Law.](#)

They are coming to Kill you! What part of 'Kill' don't you understand? This is NOT a game! This is NOT My Opinion! I am simply disseminating facts! I posted this, and someone asked me, 'Is every Muslim out to kill you?' And I answered, "Yes." He then called me a bigot, and a racist (being Muslim, and being an Islamist are neither races nor are they religions). I then said, "This is not my opinion, it is fact." They are all part of the same orchestra. Not all of them are playing the same instrument, but they are all playing the same song. They are coming, and they are coming to kill you. Every non-believer has three choices. 1. Convert, but they'll probably kill you anyway because the conversion would be highly subjective. 2. Pay Jizya, which is like a Mafia extortion money, an extra tax paid by dhimmi status, second rate citizens. 3. To fight or to die, is the question. To die fighting, or to live after exterminating the cancer. There are no other choices, as you will see if you study even cursorily. The longer you wait and appease the evil of your time, the harder it will be to eradicate it from your world. By the way, did you know that all infidels (non-believers) will go to hell, except for their women. Nope, women and girls ('cause Islam allows pedophilia) will be sent to heaven where they will be concubines (sex slaves) for Muslims in heaven.

There is no other god but Allah. Do you understand? There's a lot more on my webpage mediaaccess.hu. Please click on the hyperlinks on the blue text for extensive details on the matter at hand. Is that enough? So who is superficial? If you are a Muslim, you know that your 'Prophet' was a child molestor – a pedophile, a murderer, a thief, a ganster thug, that did no miracles. Had 13 wives, including 6 year old Aisha. Be sure to watch Muhammad: the Innocent Prophet, Islam – What the West Needs to Know. The more you are like Muhammad, the closest you are to Allah (a.k..a. Satan), the closer you are to Jesus, the closer you are to God – JESUS DID NOT DO ANY OF THE THINGS MUHAMMAD DID!

You can't beat diversity! Conform to Islam or die!

Can somebody name me one Islamic country that would allow in millions of Christians and sacrifice their own culture to accommodate them? There is no such thing as multiculturalism in Muslim countries!

Why?

Because they demand people to conform to Islam or face consequences— even moderate Muslim's are often brutalized for perceived offenses against Islam. The police should all just collectively slit their own throats at the nearest mosque just to prove they are not Islamaphobes, but I guess they are too busy arresting white people for posting videos of their dog mocking Hitler?

Why are we expected to conform to an invading foreign culture / army, and political system and not the other way around? Everyone who pushes "multiculturalism" on their country is a traitor to their people and countries.

Why?

Because multiculturalism is actually anticulturalism designed to undermine the homogeneity and common national bonds we use to share, so as to weaken the sovereign state. All of this is outlined in UN Agenda 21 and UN Agenda 2030; it is openly stated that mass immigration would be used in this way— to socially engineer society to a New World Order.

Out of the mouth of UN Migration envoy Peter Sutherland (Fat cat billionaire Goldman Sachs banker) "more must be done to undermine the homogeneity of EU nations". In globalist speak that means destroy our national cultures and common bonds so as to destroy nationalist opposition to their Federal Europe and ultimately NWO.

So when police bring in such measures, the people had better understand whose side they are really on. I'm sure that there will be plenty police on the beat who oppose this, but they will have been gagged.

But what does it mean in real terms for peoples everywhere going forward?

It seems likely Muslim police will police Muslim areas to reinforce non-integration, and non-Muslim police will police non-Muslim areas to reinforce integration.

And what happens where the two incompatible cultures of Islam and a liberal democratic secular state overlap?

Do we have Muslim police officers arresting non-Muslim's for perceived offenses against Islam? It will happen because it must. Western leftist progressives (a.k.a. progressives marching toward communism) will tolerate both gays and Muslims in the name of establishing a diverse culture, but Muslims will not tolerate any infidel, and Shariah law does not tolerate interpretations to that order of ideology.

It is a very slippery slope, and the people who have pushed this legislation should be tried for treason, and I say that in all seriousness because they are undermining their national culture and the secular national state for a minority hate-of-anyone-who-doesn't-believe in Allah groups, and even factions within Islam because the faction that controls the Caliphate controls the world (Islam is not a 'religion', and certainly not a 'religion of peace', any more than any other political movement). Knowing that Islam is a full-spectrum dominance: political, religious and legal doctrine that is incompatible with Western liberating culture, and democracy, our politicians, and indeed police chiefs now are continuing to open the gates to the invaders, and have been doing so for a long, long time— truly treasonous.

What is insane is that their kids will have to grow up in this world in the coming decades so they are selling their children out too, just for a palm of silver and a whiff of power.
